

## CSA Registration Now Open!

Registration is now open for The Farm at SOU's 2026 Summer CSA — your chance to enjoy 12 weeks of fresh, pesticide-free, student-grown produce! Choose a Full Share or a Half Share, with weekly Wednesday pickups at 155 Walker Avenue in Ashland from June 24 through September 9. Sign up at [farm.sou.edu/csa-at-the-farm](https://farm.sou.edu/csa-at-the-farm) and support local, sustainable, student-led agriculture in the Rogue Valley!

Community Supported Agriculture (CSA) is a rewarding way for the Rogue Valley to connect with the local food system while directly supporting student farmers. By purchasing a seasonal share, members secure access to a thoughtfully curated harvest and enjoy an abundance of fresh, locally grown, pesticide-free produce from our practicing organic farm, all offered at an exceptional value. CSA membership also includes exclusive perks, such as interactive “you-pick” days featuring seasonal favorites like strawberries, blackberries, and fall pumpkins.

CSA participation helps sustain the farm and its educational mission, while member feedback plays an important role in shaping each season’s offerings to reflect the needs and preferences of our community. Members often share that they value the opportunity to discover new foods and learn how to eat with the seasons.
