

THREE DISCIPLINES, ONE PLACE.

Speech, Language & Literacy,
Occupational Therapy, and
Psychology Services

Expert Services

In partnership with Our Lady of Victory, The Reservoir Group (TRG) at The Lab School of Washington is happy to offer direct 1:1 or small group sessions to OLV students grades PK3-8th with our team of expert SLPs, OTs, and Psychologists. Sessions can take place at OLV or at The Lab School of Washington, before, during, or after the school day, creating an easy option for busy students and parents.

TRG specializes in understanding and working with children and adolescents, bridging evaluation and therapy with classroom and real world experiences. No one understands classrooms better; we are in them every day.

About our services

Our clinicians have specialized school-based expertise, which means:

- we know strategies that work for classrooms, playgrounds, sports fields, and theaters.
- we work collaboratively with school administrators, teachers, and other members of your school-based team.
- we help families prioritize and schedule services that will have maximum functional impact at school and home.

The Reservoir Group at The Lab School of Washington offers families the resources to support their child. Sessions are tailored specifically to the individual child's learning profile and age while targeting areas of need.

Services available are:

- 1:1 or small group sessions with certified and licensed speech-language pathologists, occupational therapists, and psychologists and social workers.
- In-person sessions

OUR FEE STRUCTURE

- Session frequency and minutes based on student's learning profile and needs.
- Evaluative Services also available. Please contact TRG to discuss scheduling and associated fees.
- Families are billed directly by TRG on a monthly basis.
- Sessions may be eligible for insurance reimbursement. Monthly documentation sent to families via email.
