Project Background

About Ogden Honors College

The Ogden Honors College is one of the few honors institutions in the country that can boast a complete Honors Campus. The 10-acre “campus within a campus” is a unique space located at the heart of LSU’s main campus. The residential college community thrives in an environment that combines historic architecture, cultural significance, and modern renovation. Honors students live, study, and socialize within this vibrant residential college community – all at the center of LSU.

The concept for the Ogden Honors Campus is based on a model established by Oxford and Cambridge Universities more than 700 years ago – one in which students live together and take part in educational and social programming within that living space. We work hard to integrate what our students learn in the classroom with a rich life of experiences outside it through Honors programs and activities.

The activity and proximity of our academic and residential building acts as a catalyst for students to develop their intellectual curiosity and leadership skills, and to forge social and intellectual connections with each other, with LSU faculty, and with Honors staff.

About the Public Art Site

Located at the French House, a landmark listed on the National Register of Historic Places, the project will serve as a beacon and a gathering place at the entryway to the Honors College. The project should be consistent with the college’s vision, values, and mission to engage a diverse population of high achieving students in a dynamic interaction of outstanding instruction, innovative research and public service.

Budget

The budget listed is inclusive of all costs associated with the project, and commensurate with the intended scale, including but not limited to: research, professional consultations, formal reports from licensed structural and electrical engineers where appropriate, a long-term care and maintenance report from a licensed professional conservator, materials, fabrication, transportation, travel, insurance, installation, photography and documentation of the artwork and crediting plaque.

Eligibility

This commission is open to professional artists 18 and over, regardless of race, color, religion, national origin, gender identification, military status, sexual orientation, marital status, or physical ability.

Artist teams may apply and must designate one artist as the lead contact. All artists must have a minimum of five (5) years of demonstrated professional visual art experience (NOT STUDENT WORK). Examples of work submitted must be original, recently completed artwork (within the last 10 years).

The application, including all examples of work and supporting documents are considered the artist's official "submission." If any information submitted by the artist or artist's representative, including all supporting documents, is found fraudulent the submission will be disqualified.

Scope of Work

Artist(s) are expected to create a work of permanent art that will serve as the focal point of this space, and provide an artistic element to the gathering space.

The development and design for the artwork should:

- Consider the elements of the site as a source of design ideas
- Consider the area surrounding the artwork and its intended uses as described in this call.
- Reflect the university's/community's history, diversity and cultural profile.
- Be durable, sturdy, stable, and suitable for the climate conditions, resistant to UV damage, and safe for public interaction.

*Slides, emailed prints, or any physical submissions will NOT be accepted.

Selection Process & Evaluation Criteria

An Art Selection Committee (the Committee) includes representatives from the Louisiana Office of Facility Planning & Control, the architectural firm that designed the facility, representatives from Louisiana State University, and the State Arts Council. The Committee will review all eligible artist submissions.

Submissions are evaluated by the following criteria:

- Artistic excellence and originality as evidenced by the representations of past work images and other supporting materials.
- Appropriateness of artist's medium, style, and previous experience as they relate to the project goals and setting
- Experience with projects of a similar scale and scope
- Ability to create site specific or site reactive works
- Availability to participate in the design and implementation of the project as required
- Special consideration will be given to Louisiana artists, as defined by La. R.S.25:9000.1(E)
- The Committee may also take into consideration when selecting artists whether or not an artist is already represented in the state's collection.

Notifications and Proposals

Notifications will be issued no later than **January 2020**.

This is a call for submission of samples of previous work and qualifications only. If selected to develop a proposal for one of the commissions, you will be contacted by Percent for Art program staff with further details about the site, concept and scope.

Finalists will be invited to attend two (2) meetings: a mandatory site visit to view the space and meet with the committee, and an optional presentation of the artist's proposal before the committee.

The proposal must include the concept, materials, size, weight, installation requirements, details of maintenance, and budget. **The proposal must also include a maquette and digital renderings as appropriate, which shows the physical volume of the space and allows for multiple perspectives of the artwork within the space.**

All proposal documents, including the maquette and renderings, will become property of the State of Louisiana and will be used for educational and/or promotional purposes of the program. Each finalist's proposal and/or maquette may be exhibited for Committee and community consideration.

An honorarium/ proposal fee of up to \$1,500 will be paid to finalists to offset expenses associated with development of proposals and travel to present to the Committee.

NOTE: The Percent for Art Program and the Artist Selection Committee reserve the right to reject any or all applications or proposals, to reject any finalist, or to terminate the selection process for any project without prior notice.

The Louisiana Percent for Art Program was established by law in the 1999 legislative session. The law specifies that on projects using more than \$2,000,000.00 in state funds, one percent (1%) of the expenditure for construction or renovation of a state building shall be for works of art by artists and craftsmen for the building or its grounds.
