

Fentanyl is the ***single deadliest drug*** on the market. It is easy to obtain, it comes in many different forms and a tiny amount is enough to cause a fatal overdose.

FREE

Join Maggie Seldeen for an informative and important discussion on how to reduce and prevent the major risks of fentanyl in our community. She has trained hundreds of people all over the country on Narcan, harm reduction strategies and the fentanyl epidemic.

MAGGIE SELDEEN

Presenter

Seldeen is the Founder and Director of High Rockies Harm Reduction. As a person that has struggled with her own past addictions, she has a deep connection when advocating for prevention, intervention, treatment and recovery of harmful drugs.
