

Stay on Track with Immunizations in 2020

“DON'T WAIT, VACCINATE!”

School-Based Health Centers are Open for Vaccinations

District law requires all public schools in DC to verify student compliance with its immunization requirements as part of enrollment. Beginning School Year 2020-21, students who have not received their required immunizations will have 20 school days to provide immunization certification or they will be removed from in-person attendance and transitioned to virtual learning until the necessary immunization documentation is received.

As such, an up-to-date immunization record is required for in-person attendance for Term 2.

To help students meet immunization requirements before the start of the school year, our School-Based Health Centers (SBHC) will be open through the remainder of October. SBHCs are health centers located within a DCPS school that provide comprehensive primary health services to students, including vaccinations.

Ensuring your child receives the right vaccinations at the right age is one of the most important ways to help them stay healthy and keep serious diseases at a distance. If you have questions about your student's immunizations, contact your medical provider and request a copy of your student's immunization history or call the **DC Health Immunization Program at (202) 576-7130.**

SBHC LOCATIONS AND CLINIC HOURS THROUGH OCTOBER 2020

Immunizations through School-Based Health Centers (SBHC) are available by appointment only. Please call to schedule an appointment for your student today. More information about immunization requirements can be found at dchealth.dc.gov/immunizations.
