

Who: High School Juniors or Seniors, High School Counselors, Parents of High School Juniors or Seniors

What: A paid summer internship with the Iowa Insurance Division (IID) for a qualifying student

When: A 10-week program beginning approximately June 2, 2026

Where: IID Office located at 1963 Bell Avenue, Des Moines, Iowa

Are you aware of a junior or senior high school student in Iowa trying to decide which career field they wish to pursue? Each year, the Iowa Insurance Division provides opportunities to gain real world experience in the insurance industry through an internship as an insurance regulator. A student interested in the following areas may find this experience extremely appealing:

- Accounting
- Actuarial science
- Computer science
- Data analytics
- Mathematics
- Economics
- Insurance or securities sales
- Criminal fraud and administrative investigations and prosecutions
- Insurance legislation and rulemaking
- Communications
- Marketing

Iowa is known as a global insurance hub, largely due to being the home of nearly 200 domestic insurance companies. Iowa's insurance industry offers the most rewarding careers. The insurance industry protects people's livelihoods, builds wealth for the future, supports Iowa's diverse economy and gives back generously to communities. There are approximately 50,000 jobs in Iowa's insurance industry, with average salaries being over \$42,000 more than non-insurance industry counterparts.

Students will gain knowledge and exposure to the Iowa Insurance Division's responsibilities to protect consumers by effectively and efficiently providing a fair, flexible, and positive regulatory environment. Students chosen for this role will participate in performing our regulatory duties in addition to receiving insurance education course work. These individuals will learn about the Iowa Insurance Division's role in state-based insurance regulation, which includes the supervision of insurance companies, insurance agencies, and insurance agents. In addition to learning about each line of insurance (auto, home, life, health, etc.), the interns will also assist with evaluating insurance company market conduct and consumer complaints for compliance with state insurance regulations.

We offer competitive compensation and telework opportunities. This opportunity is available for students across the state of Iowa. Students will have the opportunity to work remotely on Mondays and Fridays, and will be expected to report to the Des Moines office Tuesday through Thursday. Any junior or senior high school student who would like to explore an employment opportunity within the insurance industry through a summer internship with the Iowa Insurance Division may send a cover letter and resume to internships@iid.iowa.gov.
