

Nominations: student worker of the year

Career Connections is planning an appreciation gathering on May 28th at 3:30pm in the Rogue River Room. We will have cake to celebrate our student workers and supervisors as well as awards.

Please complete the qualtrics survey (https://sou.co1.qualtrics.com/jfe/form/SV_38dg49MxSW6Z65g) if you would like to nominate your student for the Student Worker of the Year. The student workers have the survey link in Moodle if they would like to nominate their supervisor for Supervisor of the Year award.

There are still quite a few student workers who have not taken advantage of the opportunities in the Moodle program Skill Up: Enhance Your Career Skills. This is a great professional development opportunity for our student workers to help them before they enter the workforce. Please encourage them to go into this Moodle program. They have options and can choose what they want to do. They are highly encouraged to complete the self assessment if they haven't already.

Also, April is career month at SOU so there are a lot of events happening for Career Connections.
