

Personal Enrichment Program presents

# Creative Writing 101

with Mr. Wechsler

Creative writing has the power to enrich and enlarge the imagination. The art of storytelling gains even more importance in the digital age, when texting shortcuts and emojis have replaced old-fashioned wordcraft. In this class, young authors will dissect great examples of creative writing -- and create their own as well. Veteran Revere English teacher Mr. Wechsler will guide students through the essential elements of creative writing -- plot development, characterization, dialogue, symbolism and so much more. Students will also learn how to incorporate typography and visuals to enhance their final drafts. This class is open to students in grades 6<sup>th</sup>, 7<sup>th</sup>, and 8<sup>th</sup>.
