

Career Connections New Platform- Career Launch

The Career Connections office is committed to advising and assisting students to develop the skills necessary to become more marketable and assist in their job search efforts. The Career Connections office is pleased to share with you our new career services management tool, Career Launch powered by 12Twenty!

This user-friendly platform is designed to assist students with their career planning and professional development needs. Within Career Launch students and alumni will be able to:

Receive customized daily or weekly updates with new opportunities tailored to their preferences

Manage their resumes, cover letters, and other application documents

Search and apply to off-campus jobs and internships

Report and track jobs, academic experiences, and first job out of school

Review career resources in the new Resource Library

Register for the career fair (October 23, 2024)

We are excited about the year ahead and to provide the students with this new exciting tool! Please note that on-campus student worker positions are listed in Workday only.
