

For Facebook:

Today, approximately 1 million people live alone with [#Alzheimers](#), which presents unique challenges for the community and the individual. That's why we've developed the first ever day-long conference to convene community partners and care providers—and to share best practices. Come join us in Baltimore, MD, St. Louis, MO, or Orange County, CA:

###

Renowned [#bioethicist](#) and author, Dr. Stephen G. Post, will present the keynote address, "The Ethics of Living Alone with AD," at our groundbreaking Living Alone with [#Alzheimers](#) Summits next month. Dr. Post will discuss specific ethical issues like diagnostic disclosure, the extension of autonomy through advance directives and quality of life in relation to treatment limitations, [#HospiceCare](#), and [#EndofLife](#) choices.
