Fall Dining Updates

What's New This Month

We've made several updates designed to improve flexibility and convenience for students:

Creekstone Burger Company has officially reopened and is already a campus favorite.

Retail Meal Exchange options allow students to use meal swipes at Chick-fil-A, Freshens, or Creekstone Burger Co. for added variety.

Self-Service Kiosk Ordering at Chick-fil-A helps shorten lines and make service faster.

Extended Hours at Chick-fil-A on Friday and Saturday evenings give students more late-week options.

Earlier Openings at Bison Café on Fridays and Saturdays better fit student schedules.

Grubhub Mobile Ordering will launch the week of September 15 for Freshens and Creekstone Burger Co., giving students the ability to order ahead and skip the line.

Your Voice, Their Experience

Parents can easily share feedback via social media or by texting *LUPARENT* to 82257 through MyDtxt.

Committed to Sustainability

We support eco-friendly efforts like local sourcing, compostable packaging, and a one-time \$5 fee to participate in the reusable to-go box program for Bison Café meals.

Dining Tools & Resources

We encourage student & families to download the Everyday App, which provides daily menus, operating hours, and updates for all dining locations - keeping you and your student in the loop about what's being served each day. In addition, the GET App allows students to easily check their meal swipe balance, Lipscomb Bucks, Dining Dollars, and more, so they can stay on top of their dining account throughout the semester.
