

UC SAN DIEGO MOORES CANCER CENTER

SPEED MENTOR WORKSHOP

**JOIN US
ON ZOOM**

**GET EXPERT ADVICE FROM FACULTY MEMBERS AT
UCSD MOORES CANCER CENTER**

THURSDAY, January 12, 2022 12-1PM

Shiri Gur-Cohen, PhD
Assistant Professor of Medicine
Div. of Regenerative Medicine
University of California San Diego

Dr. Gur-Cohen seeks to perform innovative and fundamental research that would aid our understanding of 'stemness' identity and behavior. Dr. Gur-Cohen has published multiple high-profile papers in top tier scientific journals and has presented leading-edge scientific discoveries around the world.

Andrew Kummel, PhD
Professor of Chemistry & Biochemistry
University of California San Diego

Dr. Kummel earned a B.S. in Chemistry Engineering and PhD in Chemistry from Stanford University. He is Co-Principal Investigator for Cancer Researchers in Nanotechnology. He is also the Principal Investigator of the Kummel Research Group.

Willis Li, PhD
Professor, Dept. of Medicine
University of California San Diego

Dr. Li received his B.S. in Biochemistry at Peking Univ. in Beijing and his PhD in Biological Sciences at Columbia University and his Postdoctoral Fellowship in Genetics at Harvard Medical School. His research interests are in Cancer Biology, Epigenetics, Signal Transduction, JAK/STAT, and Heterochromatin.

ALL STUDENTS, POSTDOCS & JUNIOR FACULTY WELCOME!
