

# BIDEN BORDER CRISIS

## LEGISLATIVE PROPOSAL:

-  Prohibits all state and local agencies from doing business with or providing benefits to any private entities that knowingly or recklessly facilitate the resettlement of illegal aliens in the State of Florida.
-  Bars state agencies from entering or renewing contracts with carriers that are knowingly transporting illegal aliens into the State of Florida.
-  Requires private entities that knowingly or recklessly facilitate illegal immigration into Florida to provide compensation to the state for the costs of illegal immigration that fall on the public.
-  Requires county jails and courts to collect immigration status information at time of arrest and conviction. Information must be reported to FDLE and published on its website.
-  Strengthens E-verify enforcement by adding the Department of Economic Opportunity as an enforcing agency.
-  The State of Florida will not provide any discretionary benefits to illegal aliens. All agencies will be required to confirm eligibility for benefits. ACHA, DCF, DOH, Medicaid plans, and hospitals must report and publish expenditures for illegal aliens.

## EMERGENCY RULE:

-  DCF'S emergency rule will prohibit the issuance or renewal of any license to provide services to unaccompanied alien minors who seek to be resettled in Florida unless there is a cooperative agreement between the state and federal government.
-  The rule also requires existing licensees to conduct regular welfare checks to ensure the safety of alien children already in the state.
