

# Library Media Changes

---

In effect Fall 2024

# Unsustainable Costs of Streaming Media

FY20-21: \$14K

FY21-22: \$13K

FY22-23: \$10K

FY23-24: \$56K (so far)

# Criteria for licensing streaming media, effective Fall 2024

A maximum of 10 streaming titles will be licensed for any one course for a given semester.

We will not spend more than \$4,500 per year on streaming licenses for any one faculty member.

We will not pay licensing fees of more than \$300 per year for a given title.

We are no longer able to systematically license streaming media for feature films, including new releases, for on-campus or hybrid classes. These are often cost-prohibitive for institution-wide license. Whenever possible, we will purchase DVD copies of these films and make them available for students to watch individually or as a group in the [Library's viewing rooms](#).
