Analyst Job Description (San Francisco Office)

About AIC

Alpha Intelligence Capital ("AIC") is a global early-stage AI-focused venture capital firm with offices in the US, Europe, and APAC. Our core focus is on AI companies from Pre-A to Series B stages that solving real business problems. Our team is composed of experienced founders and investors with decades of investment experience in early-stage startups.

Job Description

We're hiring an Analyst for our San Francisco-based investment team. You'll be deeply involved in sourcing, evaluating, and supporting investments in early-stage deep tech AI startups. This includes due diligence, market research, portfolio support, and internal firm projects.

Responsibilities

- Evaluate startups with emphasis on technical and product due diligence, market sizing, financial modeling, and customer references
- AI research and ecosystem monitoring, including tracking new AI research, tooling and technologies, sectors and market trends, competitive landscapes, and more
- Source new deals and build a strong founder/investor network
- Support portfolio companies post-investment
- Develop investment theses and internal knowledge
- Assist with fund operations (e.g., audits, reporting)
- Contribute to internal projects like firm strategy, fundraising, and process improvements

Requirements

- Technical background and hands-on experience with modern AI/ML architectures and infrastructure, training and inference optimization, and applied AI/ML research
- Strong pulse on tech trends, product releases, and business models
- BS degree in CS, engineering, or related majors
- US work authorization
- English written and spoken fluency
- Skills in
 - Analyzing business models and markets
 - Conducting research and presenting insights via written and verbal communication
 - Building financial models
 - Networking within the startup ecosystem

Project Coordinator – AMD3 Foundation (Full-time/Non-Clinical)

The AMD3 Foundation is a private, non-profit medical organization that provides bone and joint health education and care in the Western PA region area as well as no-cost joint replacement surgery and bone and joint health education for communities in Latin America. We are looking for a dynamic and creative Project Coordinator who will be eager to help coordinate and plan community outreach education and care programs as well as support all of the Foundation's efforts that includes collaborating with partner organizations.
