

May 2023—PSA member **Arella Tomlinson** explained her fascinating process of painting on '3-D canvases' - using dimensional topography maps. She uses the 3-D elements of the maps to feature and enhance the imagery of hair and clothing and she also embeds 2-D maps into her compositions.

The Meet and Greet was full of lively conversations. Barbara Lai Bennett is our May Mini-Grant winner and Robert Crook won a lovely original by Vic Picou in the raffle drawing.
