

The Dish on Dining

SIMPLE ZONE & SIMPLE SERVINGS

We are thrilled to introduce the Simple Zone, a dedicated space in Bison Café designed specifically for our students with gluten and celiac allergies. Opened in Spring 2024, this safe haven offers exclusive amenities like microwaves and pizza ovens, along with a variety of delicious and safe food options. Accessible only to students registered with the on-campus accessibility office, it ensures a secure dining experience. To register reach out via email accessibility@lipscomb.edu. Additionally, our Simple Servings station provides allergen-safe dining options free from common allergens, including peanuts, tree nuts, shellfish, wheat, soy, milk products, and eggs. All foods offered are also free from gluten-containing ingredients. Our staff is carefully trained to avoid cross-contact with food allergens, making it an ideal choice for those with food allergies or those who prefer plain and simple foods. Plus, 75% of Simple Servings items meet our Mindful criteria, promoting healthy choices for managing weight and health concerns.
