CHECK OUT Installation Art on the SECOND & THIRD FLOORS OF SUSANNE HOMES

With a special thanks to the RECOLOGY/SOU ARTIST IN RESIDENCE PROGRAM for their support of some of these projects

Last year, the SOU Sculpture/4D Collective began a long term collaboration with SOU's Honors College during which we transformed the top two stories of the Susanne Homes dorm building from unused space (due to major plumbing issues) into a most amazing place for artistic experimentation focusing on installation art.

This artist-run-project space has been affectionately dubbed "Suzy Two & Three". 71 SOU student artists and two internationally recognized artists have had works in these halls. We are passionate about making this space welcoming to all members of our community.

New installations by: Bee Baxter, Cas Burgan, Zoe Campbell, Naia Duggan, Adam Garrett, Josh Gefken, Starla Glassel, Justin Gray, Ella Harty, Drew Hogan, Isabelle Howard, JJ Jacobson, Cari Lamberto, Maggie Martenson, Aurora Muller, Dhariane Pace, Zoe Park-Thomas, Evan Potter, Sidney Reha, and Mel Villarreal!
