

MOMENT FOR MISSION

Children's Fresh Air Farm

Today is **Children's Fresh Air Farm (CFAF) Appeal Sunday**. Since 1923 IPC has operated the Children's Fresh Air Farm to promote hope and opportunity through partnerships with children, families, and the community by offering quality programming rooted in the love of Christ.

The Farm covers 36 acres with class and meeting space, a dining hall, a chapel, a gym, a swimming pool, gardens, a pavilion, playgrounds, a ball field, and most recently a disc golf course. Because summer learning loss is devastating to many area children, the Farm launched the Summer Learning Program in 2010.

This summer we will serve 75 children, rising 2nd-rising 8th grade, most of whom attend Hayes K-8 school. Each year, our students make incredible progress in math and reading during the camp, as opposed to a possible two- to three-month summer learning loss. The six-week, five-day-per-week program includes:

- Rigorous instruction in reading and math led by certified teachers
- Afternoon enrichment programs
- Physical education including swimming lessons and free swim time
- Field trips
- Chapel
- Breakfast, lunch, and snack
- Transportation

All graduates also receive their school supplies for the fall and a voucher for a new school outfit and shoes. New campers are given a story Bible. This is a truly transformative ministry, and today we ask that you consider supporting the Children's Fresh Air Farm with your time, talents, and resources.

Special thanks and appreciation go to the members of the CFAF Subcommittee for their faithful work. Members of this committee include:

Mark David Bradford
Lisa Burton
Susan Clayton
Margaret Cobbs (Chair)
Morgan Cross
Catherine Goudreau
Lisa Holloway
Catherine Kinney
Andrew Lewis
Bill McKelvey
