The SOU Board of Trustees Wants to Hear from You

The Board of Trustees of Southern Oregon University invites members of the university community to share their recommendations on the ideal characteristics of future trustees. Ideal characteristics may include, but are not limited to, relevant skill sets, professional experience, geographic representation, and other qualities deemed essential for service on the SOU Board.

Two trustee terms will expire on June 30. When a vacancy is expected among the eleven community-member seats, the Board conducts a self-assessment of needs or gaps. The Executive, Audit, and Governance Committee will discuss the board's recent assessment at its January 16 meeting. Obtaining recommendations from the university community is also an important part of this process.

To submit your recommendations on the ideal characteristics of trustees, please go here:

Feedback is also accepted year-round through the Board's website or by emailing trustees@sou.edu.
