

The Tft Tips Trio

REFLECTION

1

Windshield reflection:

- Clear windshield: What from our learning is clear to you?
- Muddy windshield: What from our learning feels muddy to you? What are you not yet able to see clearly?

2

Weaving reflection:

- Tangled yarn: What from our learning feels all tangled up in your mind?
- Rolled yarn ball: What from our learning feels organized in your mind, ready to be put to use?
- Woven yarn: What learning feels like it's come together as a beautiful product?

3

High, Low, Buffalo:

- Share your high from our learning today. Think what was your favorite part of the day?
- Share your "low" from our learning today. Think what was challenging today?
- Share a "buffalo" from the day—just something random that's on your mind that you'd like to share.
