

The Farm at SOU - Honey Flash Sale!

A Sweet Summer Harvest from Our Farm to Your Table!

Our SOU Student Farmers and hardworking bees have had a busy summer, and the reward is a bumper harvest of honey. Each jar is a direct result of their dedication. Thank you for supporting The Farm at SOU!

Spring Honey: A true taste of spring, with light floral notes and a hint of passion fruit. This limited-quantity honey is unfiltered and raw, with bits of natural, edible beeswax.

Summer Honey: Experience the rich, golden color of our late summer honey, offering notes of fig and apple with a subtle medicinal tang. Harvested on August 27, 2025, this raw, unfiltered honey is packed with the enzymes, minerals, and vitamins found in darker honey, perfect for supporting your immune system.

Honeycomb Chunks: Enjoy honey in its purest form. These 100% edible honeycomb chunks from our summer harvest are "right out of the hive" and ready to be enjoyed.
