Dr. Marianne Golding
Professor Emerita
Southern Oregon University

A Walk into the Past: UNVEILING THE REALITY OF MY JEWISH FAMILY DURING WWII

When Dr. Golding started researching her family's history from well preserved war letters and documents, she had to fill many holes and make assumptions that turned out to often be erroneous. Five years later, and thanks to her recent travels to Switzerland and the Czech Republic, she is now much closer to completing the puzzle of her family's journey between 1939 and 1945.

Dr. Marianne Golding taught French literature and culture at Southern Oregon for 25 years before retiring in 2022. In her last few years at SOU she started developing courses on the Holocaust based on historical and personal facts and archives. She is in the process of completing her manuscript on her family's fate during the war.
