You can do more to stop gun violence in one day than John DiSanto will do in a year...

Politicians like John DiSanto sold out our kids and families to the gun lobby. They...

- Opposed common-sense gun laws like background checks on all gun sales.¹
- ➢ Sided with the gun lobby which has spent Big Money to elect politicians in Pennsylvania who will oppose gun safety.²
- Refused to support legislation that would keep guns away from people who pose a threat to themselves or others.³
