

Name of Presenter/s	Abstract Title	Poster NO.
Joya Bhattacharyya	Evaluating Linked ICD-10 Medicare Claims Data as a Method of Dementia Case Ascertainment in Research Settings	1
Natalie Vallone	Formative research to develop "DC-SIPS," a multi-level intervention to reduce sugary drink intake and promote water intake among African American youth in Washington, DC	2
Megan Jones	Social Determinants of Health and Internalized HIV Stigma Among People Living with HIV in South Florida: An Intersectional Approach	3
Mariana Fagundes Grilo	The L.A.B.E.L. Study: Learning About Beliefs Surrounding "Edulcorantes" (Non-Sugar Sweeteners) Labeling in Brazil	4
Carla Bosch	Tree Canopy Coverage as an Effective Mitigator of the Heat Island Effect in Urban Areas Systematic Review	5
Ziwei Song	Association of Midlife Air Pollution Exposures and Residential Road Proximity with Cognitive Decline over 28 Years: The Atherosclerosis Risk in Communities (ARIC) Study	6
Caitlin Bailey	Timing of physical activity is associated with BMI and total weekly MVPA in young adults: a cross-sectional analysis	7
Greta Martin	Tracking progress towards urban nature targets using landcover and vegetation indices: A global study for the 96 C40 Cities	8
Becky Copper	Informing Interventions: Parents Thoughts on Messaging to Reduce Young Children's Sugary Drink Consumption	9
Tala Abukoush (Co-Presenter)	Informing Interventions: Parents Thoughts on Messaging to Reduce Young Children's Sugary Drink Consumption	9
Fairuz Mohammed	A qualitative analysis of the clinical experience of survivors of female genital mutilation/cutting (FGM/C) and health care providers	10
Leah de Wilde	Climate change-exacerbated natural disasters and adverse birth outcomes: A systematic review	11
Adam Dawer	Understanding Factors That Influence Parents' Provision of Beverages to Their Children: A Qualitative Evidence Synthesis	12
Heather Wopat	Associations of age, body mass index, diabetes and hypertension with relative dose intensity among women receiving anthracycline- and/or taxane-based chemotherapy for invasive breast cancer	13

Kenna Berg	Cytotoxic effects of nitroaromatic anti-trypanosomatid drugs on parasite death	14
Carolyn Brown-Kaiser	Prevalence of Burnout Among the Maternal and Child Health Workforce	15
Megan Talej	Health system intervention packages on improving coverage of kangaroo mother care for preterm or LBW infants: a mixed-methods systematic review	16
Catherine Maccaro	How Can We Reduce the Prevalence of Antibiotic Misuse Behaviors? A Health Promotion Program Design	17
Erin Oakley	Geospatial disparities in federal COVID-19 test-to-treat program	18
Hayley Ramirez	Analysis of putative fexinidazole survival gene identified from a forward genetics approach.	19
Wen-Chien Yang	Antenatal corticosteroids to pregnant women at risk of preterm labor in low- and middle-income countries: utilization and facility readiness	20
Yuxian Cui	Young adults' experiences with cannabis retailer marketing and regulatory compliance: differences by sociodemographic characteristics and associations with cannabis use-related outcomes	21
Nick Foreman	Greater Percent Body Fat is Associated with Greater Postprandial Metabolic Flexibility in Young Adults	22
Alison Cuccia	Changes in cardiovascular health among young adults in Healthy Body Health U measured by Life's Essential 8	23
Timothy Oneal	Two-year Trends in Self-Reported Physical Activity among Adults Living in the United States: The National Health Interview Survey, 2020 and 2022	24
Anisa Amiji	Birth Weight as a Risk Factor for Type 2 Diabetes and Gestational Diabetes Mellitus Among South Asian Women Living in the US.	25
Ramaa Chitale	Proposing a quality assessment tool for equity considerations in clinical practice guideline development handbooks	26
Ellen Schenk	Estimating the Workforce Prescribing Contraception in the US: Evidence from a National Claims Dataset	27

Yijie He	A Web-based Tool for Sample Size and Power Evaluation for Clinical Trials using the Desirability of Outcome Ranking (DOOR)	28
Lauren F. O'Connor	Human Papillomavirus Infection as a Risk Factor for Mpox Proctitis	29
Lauren F. O'Connor	Application of STOPP Criteria in an Urban Cohort of People Aging with HIV	30
Lauren A. Cafferty	Young adult cancer survivor perspectives on cancer's impact across life domains	31
Nikhil Kalita	Vitamin D and Cancer Associations among Racial and Ethnic Minoritized Groups: A scoping review	32
Hannah Boback	Exposure to Major Hurricanes and Trends of Suicidality in US Adults: A Systematic Review	33
Yi Cao	Development of combination DNA vaccines targeting transmission of two major human malaria parasites (<i>Plasmodium vivax</i> and <i>P. falciparum</i>)	34
Morgan Byrne	Healthcare Utilization Over Time In The Dc Cohort — Exploring The Role Of Age, Vacs Score And The Covid-19 Pandemic	35
Yossef Alnasser	Pediatric Meningitis in Saudi Arabia: Vaccination Success and Antibiotic Resistance!	36
Yossef Alnasser	Childhood Asthma and Consanguinity: Is There a Relationship? Maybe A Systematic Review Can Answer	37
Shanshan Zhang	Intention-to-Diagnose: The Principle, Incomplete Data, Sensitivity Analysis, and Online Analysis Tool	38
Aishwarya Grandhe	A Qualitative Exploration of Control, Structure, and Autonomy Support Food Parenting Practices that Hispanic Caregivers Use to Feed Their Preschoolers Healthy Foods	39
Christine St. Pierre	Schools as Hubs for Food Education and Access: An Experiential Food Education Program Evaluation	40
Matilde Jacobson	Vaginal Immune Dysregulation in Transgender/Non-binary Individuals on Masculinizing Hormone Therapy	41
Megan Spyers-Duran	Validation of qPCR Assays for the Quantification of Bacteria Associated with HIV Seroconversion, Inflammation, and Immune Cells (BASICS)	42

Joseph Bonanno	Green Space Exposure and its Association with Stress among Older Adults: A Systematic Review	43
Austin Zhao	Impact of Screen Time on Child Obesity in Developing Countries: A Systematic Review	44
Fernando Hern Munoz	Exercise for mental wellbeing in bipolar disorder: A systematic review	45
Bernice ThambiRaja (Co-Presenter)	Exercise for mental wellbeing in bipolar disorder: A systematic review	45
Jane Barkholz	Impact of Wildfire Smoke Exposure on Mental Health of Adults: A Systematic Literature Review	46
William Huger	Characteristics and Treatment Regimens of HIV- Associated Lipodystrophy Disease among a Cohort of Persons with HIV in Washington, DC	47
Dayna de Montagnac	The Effect of Exposure to Indoor-Volatile Organic Compounds on Birth Outcomes: A Systematic Review	48
Adrian Bertrand	Easy Access: Identification Verification and Shipping Methods Used by Online Vape Shops	49
Adrian Bertrand	Nicotine Strength is a Key Driver of E-Cigarette Demand: Evidence from Retail Sales Data	50
Natalia Guerra Uccelli	Examining the Effects of Green Manure Application on Maize Crop Yield in Arid Conditions: A Systematic Review	51
Madison Lintner	Sexual Health of Transgender Men on Testosterone	52
Rishika Chakraborty	Household Food Insecurity Trajectories and Mental Health Outcomes of Adolescent Girls and Young Women in rural South Africa	53
Annie Roberts	Evaluating the Effect of an Urgent Care Antibiotic Stewardship Intervention: A Multi-Network Collaborative Effort	54
Shelly Dimri	Driving Change: Assessing Cancer Screening Community Outreach within Wards 7 and 8 of D.C.	55
Ahmed A. Agha (Co-Presenter)	Driving Change: Assessing Cancer Screening Community Outreach within Wards 7 and 8 of D.C.	55

Humay Sadig (Co-Presenter)	Driving Change: Assessing Cancer Screening Community Outreach within Wards 7 and 8 of D.C.	55
Shreya Papneja (Co-Presenter)	Driving Change: Assessing Cancer Screening Community Outreach within Wards 7 and 8 of D.C.	55
Shweta Raman (Co-Presenter)	Driving Change: Assessing Cancer Screening Community Outreach within Wards 7 and 8 of D.C.	55
Eleanor Flacke	Metabolic Health is Associated with Fat Oxidation During Exercise in Young Adults	56
Morgan Fabber	Lung Function Measures and Self-Reported Respiratory Symptoms in Association with Occupational Exposure to Cooking: A Systematic Review	57
Shermeen Rais	Impact of a chemical acaricide to control tick density in the United States: A Systematic Review	58
Devin Tennant	Disrupting Racism: Reducing Interpersonal Racism Within Medical Subcultures Through Continuous Professional Development	59
Erin Katahira (Co-Presenter)	Disrupting Racism: Reducing Interpersonal Racism Within Medical Subcultures Through Continuous Professional Development	59
Rhea Turner (Co-Presenter)	Disrupting Racism: Reducing Interpersonal Racism Within Medical Subcultures Through Continuous Professional Development	59
Xin (Tracy) Li	Ultra-processed food consumption is associated with frailty among men and women 65 years and older: Findings from the InCHIANTI Study	60
Danielle Duarte	Digital, coach-aided psychosocial intervention for young adult cancer survivors	61
Audrey Letts	Significantly Elevated Serum Leptin But Not Traditional Clinical Risk Factors In Young Adults with Insulin Resistance	62
Elizabeth Feinstone	ACEing Autism: Identifying Determinants of Fun in Tennis to Improve Health Outcomes for Individuals with Autism Spectrum Disorder	63
Courtney Lesser (Co-Presenter)	ACEing Autism: Identifying Determinants of Fun in Tennis to Improve Health Outcomes for Individuals with Autism Spectrum Disorder	63
Abigail Sandlin	A Policy Landscape Analysis of Food System Investments Using Coronavirus State and Local Fiscal Recovery Funds	64

Julia Nasisi	A Policy Landscape Analysis of Food System Investments Using Coronavirus State and Local Fiscal Recovery Funds	64
Maria Jose Talayero Schettino	Assessing the Impact of Industrial Presence on Genital Birth Defects in Mexico	65
Hasina Chimeka – Tisdale	Qualitative Analysis of Tailored Program Training: Findings From an Antiracist Demonstration Project	66
Madeleine Will (Co-Presenter)	Qualitative Analysis of Tailored Program Training: Findings From an Antiracist Demonstration Project	66
Chelsea Murillo-Parra (Co-Presenter)	Qualitative Analysis of Tailored Program Training: Findings From an Antiracist Demonstration Project	66
Sita Ramaiya (Co-Presenter)	Qualitative Analysis of Tailored Program Training: Findings From an Antiracist Demonstration Project	66
Jason Humphrey	Residential Access to Green Space and Childhood Obesity: A Systematic Review from 2018-2023	67
Xinyi Li	HIV Prevention Service Use Among PWID in Washington, DC, Pre- and Post-COVID Lockdown (2018 vs. 2022)	68
Floramae Esapebong-Ray	Defining Global Health Diplomacy in a Post-COVID Era: Investigating the Knowledge, Skills, and Core Competencies Required by US Global Health Diplomacy Actors	69
Bailey Moore	An Approach to Applying an Intersectional Lens to Black Women's Reproductive and Sexual Health	70
Sydney Scott	Occupational Exposure to Pesticides and Parkinson's Disease: A Systematic Review	71
Andrew M. Stranieri	A concept mapping application toward sustaining junior players' participation in tennis: Comparison across sex, age, & skill level	72
Erin Phillips	Exposure of Subsistence Farmers to Agrochemicals and Neurological Health Outcomes: A Systematic Review	73
Sabrina Lonth	Sociodemographic Variables Associated with Food insecurity in Puerto Rico	74
Kamilla Haldorsen	Prenatal Exposure to PFAS and Cognitive Development Outcomes in Children: A Systematic Review	75

Jasmine Charter-Harris	Toward an Understanding of Healthy Physical Activity Behaviors Among Middle-aged Central American Immigrant Men: A Concept Mapping Application	76
Anila Afzal	A Cross-Sectional Study Examining Whether Minimum Acceptable Diet Mediates The Relationship Between Breastfeeding And Stunting In Children 6-23 Months Of Age In Pakistan	77
Sahil Rajwade	Young Adults with Low Serum Adiponectin Have Altered Resting Metabolism and Postprandial Metabolic Flexibility	78
Lauren Skoglund	Young Adults with Elevated Inflammation Demonstrate Mostly Normal Blood Glucose Homeostasis and Glucose Tolerance	79
Sydney Bornstein	HIV risk behavior among older people who inject drugs in Washington, DC prescreening for HPTN 094	80
Sarah Tritsch	Effects of rIL2/anti-IL2 antibody complex on chikungunya virus-induced chronic arthritis in a mouse model	81
Yu Jin Lim	Life style intervention reduces plasma branched- chain amino acid concentrations: an analysis of data from the PREMIER study	82
Lauryn King	“The next closest step to having control over my own body”: Adolescent and Young Adult Contraceptive Decision-Making Post-Dobbs	83
Sara Luckenbill (Co-Presenter)	“The next closest step to having control over my own body”: Adolescent and Young Adult Contraceptive Decision-Making Post-Dobbs	83
Michael Valladares	Occupational Exposure to Volatile Organic Compounds (VOCs) in Healthcare facilities among healthcare workers with varying degrees of exposure: A Systematic Review.	84
Huberth Garcia	Estrogen and Progesterone Receptor Gene Expression in Peripheral Blood Mononuclear Cells from Transgender Individuals on Feminizing Hormone Therapy: Implications for HIV Risk	85
Hannah Thesing	Evaluating the Relation between Higher Exposure to Endocrine Disrupting Chemicals and Increased Risk of Ovarian Cancer: A Systematic Review	86
Sana Hafiz	The Role of Fibroblast-Derived CCL2 in Early Phase Wound Healing	87

Laura Goodfield	Characterizing the first 6-year hospital data for sarcopenia using its first International Classification of Diseases (ICD) diagnosis code	88
Sarah Patton	Influence of Live-in Female Partners on Adult African American and Hispanic Men's Engagement on Healthy Food and Physical Activity Behaviors: A Scoping Review	89
Anna Bautista	Influence of Live-in Female Partners on Adult African American and Hispanic Men's Engagement on Healthy Food and Physical Activity Behaviors: A Scoping Review	89
Jasmine Slusser	Investigating the Relationship Between Exposure to Micro- and Nano- Plastics and Oxidative Stress in Goldfish: A Systematic Review	90
Jennifer Farnsworth	A Qualitative Analysis of the Relationship Between the Perceptions and Experiences of Gender-based Violence (GBV) and Age, Gender, and Country of Origin in the Latine Population in Langley Park, Maryland	91
Claire Kelly	A Qualitative Analysis of the Relationship Between the Perceptions and Experiences of Gender-based Violence (GBV) and Age, Gender, and Country of Origin in the Latine Population in Langley Park, Maryland	91
Catalina Desouza	A Qualitative Analysis of the Relationship Between the Perceptions and Experiences of Gender-based Violence (GBV) and Age, Gender, and Country of Origin in the Latine Population in Langley Park, Maryland	91
Maria Hayes-Navas	Development and Process Evaluation of GW Nutrition Tips: A Nutrition Message Program for Parents of Preschoolers	92
Amelia Morgan (Co-Presenter)	Development and Process Evaluation of GW Nutrition Tips: A Nutrition Message Program for Parents of Preschoolers	92
Anthony DeRosa (Co-Presenter)	Development and Process Evaluation of GW Nutrition Tips: A Nutrition Message Program for Parents of Preschoolers	92
Jasmine H. Kaidbey	Can water beliefs predict preferred drinking water source? A cross-sectional study in Virginia, USA	93
Leah Hoey	Rooting for Equity: navigating urban agriculture expansion in Washington, D.C. to prevent green gentrification.	94
Sydney Nelson	Stability of Penile Bacteria Associated with HIV Seroconversion, Inflammation, and Cells (BASICS)	95

Sadhana Matheswaran	Developing Training Modules for PCPs to Address Systemic Inequities in HIV and COVID-19 Vaccine and Screening Practices	96
Nikhil Kalita (Co-Presenter)	Developing Training Modules for PCPs to Address Systemic Inequities in HIV and COVID-19 Vaccine and Screening Practices	96
Medha Kurukunda (Co-Presenter)	Developing Training Modules for PCPs to Address Systemic Inequities in HIV and COVID-19 Vaccine and Screening Practices	96
Haley Chokshi (Co-Presenter)	Developing Training Modules for PCPs to Address Systemic Inequities in HIV and COVID-19 Vaccine and Screening Practices	96
Eden Glick	Validity And Reliability Of A Novel Overhead Load Carriage Screen For Tactical Personnel	97
Jack Gipson	Using MassSight to determine the functional metabolomic profile of Onset Inflammatory Bowel Disease patients	98
Chiraag Gohel	Enhancing Metabolomics Research through Advanced Data Integration: The Development and Application of massSight	99
Richard Shu	Connecting longitudinal desirability of outcome ranking (DOOR) analysis with multivariate survival outcomes	100
Xinyang Zhang	Meta-analysis of the gut microbiota in response to cancer Immunotherapy in melanoma	101
Yashan Wang	Unveiling Zoonotic Extraintestinal E. coli Burden in LMICs: A Study in Nigeria	102
Maliha Aziz (Co-Presenter)	Unveiling Zoonotic Extraintestinal E. coli Burden in LMICs: A Study in Nigeria	102
Sydney Pryor	De-Beefing the U.S. Agrifood System: A Qualitative System Dynamics Approach	103
Katie Ghougassian	Obesity Measurement Techniques and Future Directions for the Diagnosis of Obesity	104
Janja Kovacic	Antibody responses to COVID-19 vaccination in individuals with Specific Antibody Deficiency	105
Janja Kovacic	Evaluation of an Online Mentorship Program to Support Aspiring and Current Scholars in Public Health	106
Kristine Kwon	The Association of Telehealth Utilization and Insurance Coverage in 2022	107
