

2022-23 School Budget and School Generated Funds

To: Finance, Budget and Enrolment Committee

Date: 14 February, 2024

Report No.: 02-24-4660

Strategic Directions

- Allocate Human and Financial Resources Strategically to Support Student Needs

Recommendation

It is recommended that the 2022-23 School Budget and School Generated Funds report be received.

Context

On an annual basis, staff present information on sources of funding that schools have access to for supporting student achievement.

The 2022-23 actual school budgets and school generated funds data are presented in this report for information.

Sources of Funding

There are three primary sources of funding that support schools each year:

1. School Budget Allocations

This is the funding provided to schools through the allocation method in Appendix A. School budgets are funded through the Grant for Student Needs (GSN).

The school Principal is responsible for determining the use of the school budget allocation to support the school improvement plan and student achievement.

2. Other Grants

Other grants represent the allocations that schools receive in addition to their school budget allocations. Other grants are not equally distributed to schools and usually support specific programs or provide additional support to schools.

Other grants include:

- Priorities and Partnership Funding (PPF) that support specific program areas decided by the Ministry of Education on an annual basis
- Model Schools allocations
- Urban Priority High School allocations
- Other allocations

3. School Generated Funds

The Ministry definition of school generated funds (SGF) is “funds that are raised and collected in the school or broader community in the name of the school by school councils or other school or parent administered groups.” Examples of the types of revenue included in school generated funds are fundraising for both the school and external charities, money collected from parents for field trips and donations.

School generated funds are used to complement, but not replace, public funding for education and can be used for items not funded through the school's budget. For example, the expenditures that can be incurred include student subsidies, donations to external charities, expenditures for co-curricular or before and after school activities, student nutrition programs and school yard improvements. They cannot be used for expenses such as core curriculum materials, capital infrastructure improvements, gifts or compensation to TDSB employees and school council members, or political activities. Funds must be raised for specific purposes and spent according to the purposes communicated.

Available School Funding and Use of Funds

In 2022-23, schools were allocated approximately \$87M from sources such as school budget allocations, prior year carryovers, central department program transfers and other supplementary funding to support school improvement, as shown in Appendix B. School generated funds provided an additional \$35M. In total, schools had access to approximately \$122M to support student achievement and well-being.

Agenda Page 25

This report also analyzes the impact of Learning Opportunity Index (LOI) on school budgets and school generated funds in Appendices C and D. Appendix C shows that LOI does seem to have an impact on the amount of school generated funds available to schools. The data presented in Appendix D demonstrates that the School Budget Allocations and Other Grants help to minimize fundraising disparities across TDSB schools.

The chart below outlines the school general funds revenue changes over the last five years:

	2018-19	2019-20	2020-21	2021-22	2022-23
School Generated Funds	\$44.1M	\$24.0M	\$4.0M	\$13.1M	\$34.8M
% change from prior year	2.6%	(45.6%)	(83.3%)	227.5%	165.6%

*includes fundraising for external charities

As seen in this chart, there were significant declines in 2019-20 and 2020-21 due to the pandemic and public health restrictions that impacted fundraising. Although 2021-22 and 2022-23 have improved, school generated funds have not returned to pre-pandemic levels.

Ending Balances Over the Last Five Years

The following chart represents the ending surplus balances over the last five years. The details by school are included in Appendix E.

	2018-19	2019-20	2020-21	2021-22	2022-23*
Total School Budget	\$15.0M	\$29.3M	\$31.6M	\$29.8M	\$11.7M
% change from prior year	0.0%	95.3%	7.8%	(5.7%)	(60.7%)*
School Generated Funds	\$20.1M	\$23.3M	\$18.6M	\$18.3M	\$19.4M
% change from prior year	8.1%	15.9%	(20.17%)	(1.6%)	6.0%

The significant reduction in school budget ending balance in 2022-23 is a result of the change made to carryovers. Prior to 2022-23, schools were entitled to carry forward their entire unspent school budgets. Beginning in 2022-23, school budget carryovers were capped at 25% of the school budget. Principals were given the opportunity to request permission to carry over beyond the 25% cap for identified projects by submitting a business plan.

It is important to note that this restriction does not apply to school generated funds. Even though it is best practice that school generated funds be spent within two years of collecting them to benefit the students that generate the funds (exceptions for funds designated for future needs or long-term projects, such as school yard improvements), all school generated funds are carried forward in their entirety.

Action Plan and Associated Timeline

Management will utilize the information contained in this report for future budget planning and analysis.

Blank Page

2022-23 School Budget Allocations**Base Allocation:**

Each school receives a base school allotment of \$5,000 for Elementary and \$10,000 for Secondary.

Small Schools:

Small schools with enrollments of 300 FTE or less receive a graduated small school supplement. Schools under 200 FTE receive a \$5,500; schools between 200 and 250 FTE receive \$2,750; and schools between 251 and 300 FTE receive \$1,650.

Alternative Schools:

Alternative schools on stand-alone sites receive a base allocation of \$5,000.

Special Education Schools:

- Each special education school receives a base school allocation of \$5,000 for Elementary and \$20,000 for Secondary.
- The special education base school allocation addresses the following school office needs:
 - Photocopier costs
 - Temporary office help for peak times and discretionary caretaking help
 - Special events
 - Supplies, additional/replacement furniture and equipment, and repairs
 - Postage
 - All telephone expenses
 - Community relations and marketing
 - Any other discretionary expenses related to the office

General Per Pupil Allocation Regular

Schools:

The general per pupil allocation is \$90.72 per pupil for Elementary and \$133.65 per pupil for Secondary.

This allocation is intended to cover:

- Classroom supplies (including audio visual, software, etc.)
- Textbooks, subscriptions, etc.
- New furniture and equipment (including computers requested in addition to the central plan)
- Furniture and equipment repairs and service
- Fees for athletic events
- Other expenses including administration fees, field trips (charter bus and TTC trips), prizes, commencements, printing costs, internet connections, any other discretionary items

Special Education Schools:

Each special education school has different programs so the general per pupil allocation varies from school to school.

Library Allocation:

The library allocation is \$14.25 per pupil for Elementary and \$19.35 per pupil for Secondary.

School Office Allocation:

The school office allocation is \$17.57 per Elementary pupil and \$23.71 per pupil for Secondary.

This allocation is intended to cover:

- Photocopier costs
- Temporary office help for peak times and discretionary caretaking
- Special events
- Supplies, additional/replacement furniture and equipment and repairs
- Postage
- All telephone expenses including monthly charges, repairs, moves, line changes, etc.
- Community relations and marketing
- Any other discretionary expenses related to the office

School Council Allocation:

The school council allocation is \$1.25 per pupil for school council related costs such as photocopying, supplies and meetings. The allocation is set at no less than \$300 per school and no greater than \$1000 per school.

Professional Development

A professional development allocation of \$5 per pupil enables school staff to participate in professional development programs outside of the TDSB. These funds are to be used to address conference registration fees, travel, PA Day expenses, membership fees, and occasional teacher costs, if required.

Learning Opportunity Grant

The Learning Opportunity Index (LOI) ranks schools according to level of need to ensure that appropriate allocations are made.

The LOI combines information from the following variables:

- Median income
- Average or mean income
- Lone-parent families
- Housing
- Education
- Immigration
- Student Mobility

The LOI is applied to the school's enrollment to establish its weighted enrollment. The weighted enrollment is then multiplied by \$15 for Elementary and \$8 for Secondary to determine the allocation.

Student Financial Assistance:

Student financial assistance applies to Secondary schools only. This allocation replaces the bursary program that was available in legacy Boards. The LOI is applied to the corresponding school's enrollment to establish the school's weighted enrollment. The weighted enrollment is then multiplied by \$13 for Secondary to derive the student financial assistance allocation.

Program Supplements:

Supplementary allocations are provided to schools that offer certain higher cost programs. These funds are not intended to define the extent of funding to a specific program.

- Secondary Instrumental Music @ \$45 per credit
- Secondary Arts @ \$13.50 per credit
- Secondary Family Studies @ \$27 per credit
- French Immersion @ \$13.50 per pupil
- Middle School Supplement @\$36.1/per grade 6, 7 and 8 pupil
- Special Education Teacher Supplement - based on the number of special education teachers in resource withdrawal and self-contained classes.
These funds are for special education only.

Technical Education Program Supplement:

The actual October 31 credit information, using a one-year lag, is used to calculate credit supplement.

- The model introduces 6 categories of funding based on the percentage of technical education credits delivered by schools in relation to total credits delivered.
- The program supplements for technical education among secondary schools are provided to the following credit courses: Construction Tech (TCJ), Technology Design (TDJ), Computer Engineering Tech (TEE), Hospitality Tech (TFJ), Communication (TGJ), Manufacturing Tech (TMJ), Personal Services (TPJ), Integrated Technologies (TTI) and Transportation Tech (TTJ).

Special Allocations:

Supplements are provided to:

- International Baccalaureate program
- Support for new classrooms as follows:

New Classroom	Staff Increase	Enrollment Increase
Full Day Kindergarten	1 Teacher & 1 ECE	26 FTE
Primary Class (JK/SK)	0.5 Teacher	20 Head Count
Primary Class (Grades 1-3)	1 Teacher	20 FTE
Elementary (Grades 4-8)	1 Teacher	23.4 FTE
Secondary	1 Teacher	21 FTE

New Classroom Funding

- Additional funding of \$3,000 is provided to schools that experience growth to help address classroom setup requirements.
- The allocation is based on the addition of new teachers as a result of a minimum enrollment increase:

The allocation is based on a school's current year October 31st enrollment and teachers over the prior year October 31st data.
