## Exquisite Catering Cuisine LLC - Curating Culinary Experiences

Exquisite Catering Cuisine LLC caters all of Long Island with customized menus for contactless buffets to sit down dinners to elevate your event. We provide off premise catering and complete event planning services for a unique experience for you and your guests.

In these unprecedented times, celebrate special events in the comfort of your own home or yard by wowing your guests with our Personal Chef for a night. The three or more course menu is prepared by our great Chefs for two or more people. Our Chefs bring everything needed for the personal Chef prepared dinner. We set up the dining room table with our signature china and then prepare the exquisite dinner with our supplies. Lastly we serve and explain each course's unique flavors and leave your home as clean as if we were never there. photographer
