

NWD Camping Request Guidelines - Summer 2019

FOR CAMP REQUESTS:

1a. For **High School Outreach** the [National Camping Request System](#) requires areas to request at least two different properties. At the Divisional level, we **will** accept all three requests to be at the same property (all at Canyon or Malibu). You will have to **enter your third choice in the comments section** when entering requests online.

Example:

Choice 1: WFR Canyon week 3

Choice 2: WFR Canyon week 5

Choice 3: Malibu week 4

Comments: Real 3rd choice is WFR Canyon week 7

1b. For **WyldLife Outreach**: The Request System *WILL* allow you to request all three choices at the same camp. So, all three requests could be made at WFR Creekside or Rocky Creek.

2. For HS & WL Outreach Camps: Areas cannot request three consecutive weeks of camp. Two of your camp choices must be separated by at least one week.

Example:

Choice 1: Malibu week 4

Choice 2: Malibu week 6

Choice 3: Canyon week 4

Comments: Real 3rd choice is Malibu week 7

3. All three camp requests need to be viable camp week options. The allocation team will consider all three area requests as legitimate and possible weeks for camping. Areas will **not** receive a call if they are moved to their second or third choice (as listed in comments section). [Remember, the third viable option for HS can be indicated in the comments.]

A Note About "Travel With": If your area plans to share a bus and "[travel with](#)" another area, please be sure to utilize the Travel With feature. **In order for areas to travel together, each area must have a trip with the same first, second and third choice camp and week options.**

***Using the Comments Section:** Please use the comments section to provide the allocation team with helpful information: a correct 3rd choice for HS Outreach camp, school start/end dates, sports dates conflicts, and any other information that would be helpful for the allocation team to know. This year, do not list the staff person going on that trip.

For more information on the Camp Request system, tips for specialty camp trips (Capernaum, YoungLives, Adventures/Discipleship, etc.), and large trip requests, [please see this site](#).

The divisional camping allocation team will be together either September 20 and/or 21st working on allocation. *Please be available those days to answer your phones in case your Regional Director needs to talk to you about your trip.*

Questions? Please contact your Regional Office.
