

GLOBAL VIRTUAL INTERNSHIP 2023

JUNE 12TH - AUGUST 4TH, 2023

APPLICATION DEADLINE: MAY 25, 2023

What challenges affect our lives most in an ever-increasingly globalized environment? We are welcoming you to get involved and make an impact!

The Global Learning Collective is welcoming students across the world to participate in a virtual team-based internship contributing to a sustainable future for all.

The main objective of the Global Internship Program is to connect talented students to solve real-world organizational challenges related to the **United Nations Sustainable Development Goals (SDGs)**, giving students a platform to professionally and personally develop their intercultural competencies and prepare to become global leaders with the know-how to successfully navigate in a multicultural environment. The Global Virtual Internship experience promotes leadership development, intercultural competence, and immersive virtual learning.

Inspired by the UN SDGs, this virtual program will offer students the opportunity to **interact with multiple organizations across the world** and be exposed to current global challenges. In particular, students will work on projects related to the following SDGs: #2 (zero hunger), #3 (good health and well-being), #11 (sustainable cities and communities), and #12 (responsible consumption and production).

about the SDGs

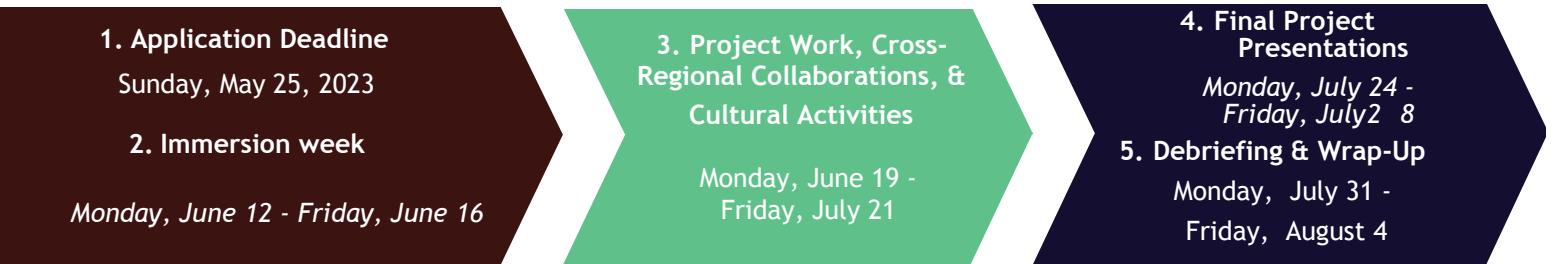

WHAT TO EXPECT

The Global Virtual Internship program is structured as a series of team-based consulting projects. Small groups of 4-6 students from different regions and backgrounds will be assigned to a project with a specific organizational partner from the Global Learning Collective network (Asia, Africa or South America) to develop a solution that corresponds to the SDGs assigned as a thematic focus.

The consulting teams will work with actual companies to develop new policies, present ideas, and explore strategies to propel global leaders and companies toward fulfillment of the United Nations SDGs.

PROGRAM TIMELINE

Step 1

Application and Acceptance

Application deadline: May 25, 2023

Submit your application and secure your place as a member of the Global Learning Collective's Global Virtual Internship.

[APPLY NOW](#)

Work with the Global Learning Collective advising team to solidify your enrollment and prepare for the internship experience.

Program Fee: \$1,290.

A \$200 deposit is required to confirm participation (will be applied to program fee)

STEP 2

Confirm Enrollment

STEP 3

Begin Your Professional Journey

Based on your preferences and application, you will be matched with a group of likeminded, motivated students from various international backgrounds to embark on your internship experience. Your group will be assigned an international client who will guide you through the internship program.

Working closely with the participating organizations and international agencies, students will use critical thinking skills to solve a specific organizational challenge related to the UN SDGs.

STEP 4

Develop and Present Your Project

POTENTIAL PARTNERS BY REGION

Testimonials from 2021 GLC Global Virtual Interns

"I enjoyed working with colleagues from all over the world trying to solve a real life problem and I felt like our effort and contribution in the end was well appreciated and felt like I was making an impact. I hope the GLC will keep finding these meaningful projects that make students feel like they are really making an impact in the real world."

"I love to work in diverse and multicultural teams, where you can learn so much about different approaches and improve your skills out of it. It was a pleasure to be part of my team and the whole glc team!"

"In addition to learning to work and cooperate virtually, intercultural competence and teamwork are the skills that stood up for me and also the sustainability and UN SDG goal was a good body of knowledge to have."

Program Fee:
\$1,290

Apply now for the Global Internship Program. All majors welcome.
