

Mr. Iannucci is running with the Dogs

Once again, this March I will be running in the Los Angeles Marathons Charity Challenge to raise money for Angel City Pit Bulls.

Angel City Pit Bulls started as a group of like-minded pit bull fans doing independent rescue work and has grown into a collaborative and supportive village, dedicated to being a resource for everything pit bull in Los Angeles, the "City of Angels".

This year will be my 5th year running to support the great work Angel City Pit Bulls does giving these dogs a second chance in life. Above is a picture of our current foster dog Bumblelion, ACPB will pay for all his care and needs. Remember no donation is too small.
