

See who's coming to SOU's fall Career Fair!

Visit: <https://careers.sou.edu/career-fairs/> and choose "View List of Employers"

We'll be continuing to update as we approach the event.

You can approach the Career Fair strategically by:

1. Reviewing the list of attendees to identify which employers you definitely want to speak to
2. Reviewing their websites to find any information they might share about jobs or internships
3. Formulating some thoughtful questions for your employers of interest
4. Practicing how you'll introduce yourself, sharing your name, major, and goals

Remember-- this is a great chance to make a positive first impression, so show up as you would to a job interview!
