

## **You're Invited: SOU's BHI Commons 10/23/25**

Come celebrate the creation of the BHI Commons — a new gathering place for our campus and community!

We're excited to invite you to the Behavioral Health Initiative (BHI) Commons open house — a celebration of our new home on campus!

Date: Thursday, October 23

Time: 5:30-7:30 p.m.

Location: Britt Hall, 2nd Floor

Join us for light food, wine, and drinks as we gather to mark this milestone for the Behavioral Health Initiative and the broader Southern Oregon community. The BHI Commons is more than an office space. It's a welcoming place to connect, collaborate, and spark new ideas around behavioral health and well-being.

Included, is a silent auction to support a student-led mural project planned for the new space — a creative expression honoring the people, places, and stories that shape Ashland and SOU. Your participation will help bring this collaborative art piece to life.

We hope you'll stop by to explore the new space, connect with colleagues and community partners, and help us celebrate this next chapter together.

~ The Behavioral Health Initiative Team
