## Optimizing the Employee Resources Online Experience

### Help us build a more streamlined HR online experience for everyone!

We are looking for staff members and People Leaders to be a part of shaping how we find information online about working or supervising at UC San Diego! Your insights will help us better the online HR experience related to searching, browsing and finding information.

Our collaborative series of four workshops will feature a number of interactive exercises that will gather your perspectives as staff members. With just a small investment of time, you can help impact the experience for all our Campus colleagues. Join us for one workshop, or come multiple times.
