## **A. PROGRAM DESCRIPTION**

WHA/PPC announces an open competition to support WHA's Race, Ethnicity, and Social Inclusion (RESI) policy goals in Brazil, Chile, Colombia, Costa Rica, and Mexico to advance reforms that promote equity and equality, eliminate barriers to inclusion, and create equal access and opportunities for members of marginalized and underserved communities.

### **A.1. Background**

WHA champions equity and equality and the social inclusion of marginalized populations to help democracies deliver for all individuals and advance U.S. national interests. Marginalized populations may include, but are not limited to, women and girls, persons with disabilities, Indigenous peoples, people of African descent, members of marginalized racial and ethnic communities, refugees and internally displaced persons, members of religious minorities, LGBTQI+ persons, rural residents, migrants, and individuals adversely affected by persistent poverty or inequality.

People of African descent in Latin America and the Caribbean comprise one third of the population, or approximately 200 million people, yet make up nearly 50 percent of its poor. Indigenous peoples represent between 47 and 71 million persons, yet often suffer from political, economic, and social marginalization, and violence affects them disproportionately. Civil society leadership training and dialogue between governments and civil society remain the key components of strengthening cooperation on programs and activities that promote inclusion.

WHA supports our partners in advancing inclusive, citizen-centered democratic governance and respect for human rights throughout the Western Hemisphere. The Western Hemisphere boasts a large young adult population and rich cultural, social, economic, and geographic diversity. Countries in the region could build stronger, more equitable, and dynamic societies, if they leverage diversity through the deliberate social, economic, and political inclusion of marginalized populations. Inclusive development provides the fundamental sense of progress underpinning the hopes of the people of the Western Hemisphere for a better future. Target beneficiaries should include members of marginalized groups and the civil society organizations that represent them. Programs should aim to build a more equitable, inclusive Western Hemisphere, with democracies that deliver benefits and respect the human dignity of all people.

**Required Priority Countries:** Brazil, Chile, Colombia, Costa Rica, Mexico

### **A.2. Program Goal and Objectives**

**Program Goal:**

This project aims to increase collaboration and strengthen networks among host country civil society partners in Brazil, Chile, Colombia, Costa Rica, and Mexico to advance reforms that promote equity and equality, eliminate barriers to inclusion, and create equal access and opportunities for members of marginalized and underserved communities. Through training of diverse civil society leaders and capacity building of civil society and community networks, this project seeks to further WHA's RESI goals.

### **Program Objectives:**

Activities must focus on equal access and opportunities for members of marginalized and underserved communities, focused on the following priority areas for each country:

- **Brazil:** Activities must focus on access to higher education and higher education policy for Afro-Brazilian and Indigenous populations in support of the U.S. - Brazil Joint Action Plan to Eliminate Racial and Ethnic Discrimination and Promote Equality (JAPER).
- **Chile:** Activities must focus on access to employment opportunities for Chilean citizens and residents of African descent and Indigenous and immigrant communities.
- **Colombia:** Activities must address access to academic opportunities for Indigenous and Afro-Colombian populations from rural communities in the Pacific and Atlantic regions in support of the U.S. - Colombia Action Plan on Racial and Ethnic Equality (CAPREE).
- **Costa Rica:** Activities must focus on economic opportunities, including digital economic workforce development, for Indigenous and Afro-descendent populations, particularly in areas outside of the capital.
- **Mexico:** Activities must focus on workforce development for marginalized communities and should include a focus on the tech sector in southern states in Mexico, particularly in Oaxaca and Veracruz. Project beneficiaries must include underserved communities and marginalized populations, particularly women and girls, Indigenous communities, and Afro-Mexican communities.

Project activities must support at least one of the selected RESI policy objectives below:

- Promote reforms that advance diversity, equity, inclusion and accessibility within communities and governments and strengthen democratic institutions to the equitable benefit of all peoples. Open an inclusive space to foster strong partnerships among underserved communities and their allies as they advocate for social and policy change.
- Advance equitable and inclusive access to public sector, community, and political engagement, higher education policy issues and discussions, and social and economic systems for members of marginalized groups, including African descendant, Indigenous peoples, LGBTQI+ persons, persons with disabilities, and women and girls.
- Advance consistent and equitable application of laws, policies, and practices to improve access to justice and protect the human rights of underserved communities and to reduce the criminalization of advocates for marginalized groups.

- Support inclusive and sustainable economic growth, including by building local capacity to provide employment, entrepreneurship, participation in the digital economy and remote work, and job training opportunities to marginalized groups.

**Project Components:** Project proposals should include, at a minimum, each of the following activities:

1. **Stakeholder mapping:** Implementor should identify key stakeholders to engage with in the public, private, civil society, and academic sectors to advance the project goals and objectives.
2. **Capacity building and advocacy training for marginalized population community leaders in Brazil, Chile, Colombia, Costa Rica, and Mexico:** Training should build the capacity of civil society leaders working on identified priority areas in each country on advocacy and management strategies for effective organizing. This should include train the trainer activities for youth, civil society leaders from marginalized racial and ethnic communities, and civil society organizations, including from rural areas, to engage on RESI-focused projects in their local communities.
3. **Fellowship program for young leaders in each country:** The fellowship program should include young leaders (20-35 years of age) and, at minimum, 50% should be young women leaders. Fellowships may take place within government institutions or legislative entities, civil society organizations, or private sector organizations, depending on feasibility and availability. Fellowships should last two to six months. Upon completion of the fellowship, the implementing organization should provide advocacy training for fellows that includes up to a year of additional mentoring, webinar, and/or workshop trainings. The focus of the fellowships should be on the RESI policy goals and selected priority areas for each country listed in this NOFO. Implementer will formalize a RESI Fellows Alumni Network to include previous RESI programming alumni and to continue engagement on RESI goals beyond the period performance of the award.
4. **Capstone and/or small grant funding:** Project should include funding for capstone projects for fellows and small grant funding for locally based CSOs working on identified priority areas in each country. At least 15% of the budget should be used for capstone and small grant funding.
5. **Consensus building and social and public advocacy for fellows and community leaders:** Implementing organization must develop a mechanism for the fellowship cohort and civil society leaders to advocate on issues identified by fellows and relevant stakeholders. This mechanism should include civil society dialogues, round tables, working groups, and/or the establishment of networks or forums, if appropriate and where overarching structures may be missing. The fellow cohort and the civil society leaders should meet and set agendas and goals separately before coming together for a final meeting. Fellows and civil society leaders should meet periodically prior to, and throughout, the duration of the fellowship program and the final meeting should be in the form of a RESI summit to finalize a collective agenda to address next steps in

achieving RESI goals beyond the period of performance of the award and should include RESI alumni.

As applicable, proposals should specify the expected results from projects benefitting from these funds, such as the number of participants trained; improvement in government transparency or e-government; and other improvements in basic government services that impact citizens and small business. All proposals should state clear objectives and show plans to measure project performance and contributions to meeting those objectives.

Proposals should include specific objectives and indicators that allow the organization to measure and demonstrate progress.

### **Utilize Local Resources and Expertise**

Local-based projects that prioritize community interaction and engagement with local civic and government leadership historically have had the best chances of success. Proposals that include the utilization of local resources and expertise are highly encouraged. Partnerships between civil society organizations can also increase the likelihood of sustainable impacts.

### **A.3. Expected Results**

By the end of the project, grantees should demonstrate that the project has achieved the following:

#### **Desired Outputs:**

- Implementer completes stakeholder mapping to identify relevant civil society organizations (CSOs), community leaders, local/national government bodies to engage with on RESI priority areas.
- Project facilitates fellowships and provides stipends for individuals from historically marginalized communities (type and length dependent on opportunities within institutions and age of participant). Fellowships may take place within government institutions or legislative entities, civil society organizations, or private sector organizations, depending on feasibility and availability and should last two to six months.
- Formalized RESI Fellows Alumni Network and FY22 RESI alumni involved on the new award (participation in the summit, webinars, info sessions, etc.).
- Capstone projects for fellows and small grant funding for locally based CSOs working on desired RESI issue areas.
- A regional RESI branded summit with workshops and technical experts to help train project beneficiaries and help connect civil society in each of the countries selected.
- Virtual and in person workshops and training in each country for civil society leaders and CSOs, including virtual roundtable discussions and workshops to include technical experts on a monthly or quarterly basis.
- Education and job training opportunities for marginalized communities.

**Desired Outcomes:**

- Civil society leaders develop and implement action plans that seek to influence government policies in their respective countries to advance RESI goals.
- Civil society leaders develop and implement action plans aimed at influencing government policies in their respective countries to align with RESI goals and priorities.
- Fellows who complete internships with government institutions, civil society organizations, or private sector institutions gain skills, knowledge, and experience that empower them to become effective advocates and leaders in advancing RESI goals.
- Fellows and locally-based CSOs working on RESI issue areas leverage capstone projects and small grant funding to implement practical initiatives aimed at advancing RESI goals.
- Fellows who complete internships with various institutions become influential members of the alumni network, assuming leadership roles in driving RESI issues forward.

**A.4. Desired Results and Required Indicators:**

The applicant will develop a project-level Performance Monitoring Plan (PMP) (see Tab B) with annual and end-of-project targets and results anticipated for key performance indicators. The following tables show examples of indicators that will be measured, as well as illustrative targets, upon which the recipient will be responsible for monitoring and reporting during and after the project. Grantees must capture and measure data that demonstrates progress toward achieving the specific objectives of the proposed project and WHA/PPC will regularly monitor each project's performance to assess whether project activities are on track and targets are being achieved.

Project feasibility, potential impact, and performance will be assessed based on potential outcomes. Outcomes are changes that take place because of your organization's work – the differences that will have been made by delivering your objectives and achieving your outputs. For example, an outcome could be increased rates of a vulnerable population successfully accessing government services, improved productivity of government workers in targeted agencies, or new policies/procedures instituted within your partner government agency.

Required and illustrative outcome indicators for the projects are provided below. The applicants are expected to identify targets for these indicators based on what can be reasonably achieved within the performance period of the project and based on the expected overall project results described above.

<b><i>Required Indicators</i></b>	<b><i>Required targets:</i></b>
Output: DR.3.1-1 Number of USG-assisted consensus-building processes resulting in an agreement.	Determined by applicants
Output: DR.4.2-4 Number of civil society organizations (CSOs) receiving USG assistance engaged in advocacy interventions.	Determined by applicants

### Illustrative Output Indicators

Illustrative output indicators for funded projects are provided below. Outputs are the results of what your organization does. For example, the number of participants who successfully complete a job-training course or received job placement through your activities are outputs. Below are examples of required output indicators.

<b>Example Output Indicators:</b>	<b>Required targets:</b>
(Sample) Platforms developed to facilitate public requests for services.	(Determined by applicants)
(Sample) Women that attend weekly individual counseling sessions.	(Determined by applicants)

The applicant should provide **output and outcome** indicators in addition to the required indicators listed above. Any data collection focused on individuals should be reported by gender, if possible.

The grantee will be required to collect baseline data for all the Performance Monitoring and Evaluation indicators during the first year of the project. In addition, certain terms included in the outcomes and indicators will need to be defined at the very beginning of the project so that it is possible to measure the change during and at the end of the project. Examples of such are “capacity,” “spread effect,” etc. Baseline information will be critical for both monitoring and evaluation of project progress and results.

### Participants and Audiences:

The target population will be youth, ages 20-35, and civil society leaders with a focus on marginalized communities, including from rural and conflict-affected communities.

## B. FEDERAL AWARD INFORMATION

### B1. Available Funding

This notice is subject to availability of funding. Overall grant making authority for this program is contained in the Foreign Assistance Act of 1961 as amended (Economic Support Funds) and several funding restrictions apply, to include country-applicant restrictions.

The DoS reserves the right to fund any or none of the proposals submitted and reserves the right to reduce, revise, or increase the budget in accordance with the needs of the project and the availability of funds.

The DoS may consider continuing the program funded under this award beyond the initial period of performance on a non-competitive basis subject to availability of funds, satisfactory

progress of the program, and a determination that continued funding would be in the best interest of the DoS and USG.

Pursuant to 2 CFR 200.400(g), the recipient may not earn or keep any profit resulting from federal assistance instruments. However, all reasonable, allocable, and allowable expenses, both direct and indirect, which are related to the agreement project and are in accordance with applicable cost standards (2 CFR 200 for U.S. and overseas-based non-profit organizations and universities; and the Mandatory Standard Provision “Allowable Costs (2 CFR 200.403)” for public international organizations) may be paid under the grant agreement.

**Note:** Non-U.S.-based nonprofit organizations are legally required to comply with the 2 CFR 200.

## **B2. Award Management**

The successful applicant will need to routinely collaborate with WHA/PPC through regular meetings and conference calls to discuss progress, challenges, emerging topics, etc.

The successful applicant must ensure that all funds are used in a manner consistent with any applicable restrictions on funding. See D5 below for funding restrictions.

## **Section C. ELIGIBILITY INFORMATION**

### **C1. Eligible Applicants**

Eligible Entities: U.S. Non-profit/non-governmental organizations (NGOs) having a 501(c)(3) status with the IRS or overseas based NGOs, institutions of higher education, and public international organizations (PIOs). Locally based NGOs are strongly encouraged to apply.

To be eligible for a grant award, in addition to other conditions of this NOFO, organizations must have a commitment to non-discrimination with respect to beneficiaries and adherence to equal opportunity employment practices. Non-discrimination includes equal treatment without regard to race, religion, ethnicity, gender, and political affiliation.

Applicants are reminded that U.S. Executive Orders and U.S. law prohibits transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of the recipient to ensure compliance with these Executive Orders and laws. This provision must be included in any sub-awards issued under this grant award.

The DoS will issue an award to the Applicant whose application represents the best value to the USG based on technical merit, efficient use of USG funds, and satisfactory organizational

capacity. The DoS reserves the right to make an award based on the initial application received with or without discussion or negotiations.

WHA/PPC encourages applications from potential new partners.

## **C2. Cost Sharing or Matching**

The non-Federal share of costs, frequently called “cost share” or “matching costs”, refers to that portion of the project or program costs not borne by the Federal Government. This may include cash and third-party in-kind contributions. These costs must reflect the realistic capacity of the applicants and any third-party contributors.

Cost-sharing is not required. Providing cost-sharing, matching, or cost participation is not an eligibility requirement for this funding opportunity and will not be factored in during the merit review of proposals.

Note: If cost-share is included in the budget, the applicant must maintain written records to support all allowable costs that are claimed as its contribution to cost-share, as well as costs to be paid by the Federal government. Such records are subject to audit. In the event the applicant does not meet the minimum amount of cost-sharing as stipulated in the applicant’s budget, DoS contribution may be reduced in proportion to the recipient’s contribution.

## **C3. Other Eligibility Requirements**

In order to be eligible to receive an award, all organizations must have a unique entity identifier (UEI), as well as a valid registration on [www.sam.gov](http://www.sam.gov). Please see Section D.3 for information on how to obtain these registrations.

Applicants, including U.S. affiliates of international organizations must provide a valid Unique Entity Identification (UEI), and completed [www.sam.gov](http://www.sam.gov) registration when submitting application on [www.grants.gov](http://www.grants.gov) in response to this NOFO. Applicants that do not have a valid UEI and completed [www.sam.gov](http://www.sam.gov) registration will NOT be eligible for consideration.

Implementing partners/sub-recipient organizations are required to have a valid UEI number.

Applicants listed on the Excluded Parties List System (EPLS) in the System for Award Management (SAM) are not eligible to apply for an assistance award in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR, 1986 Comp., p. 189) and 12689 (3 CFR, 1989 Comp., p. 235), “Debarment and Suspension.” Additionally, no entity listed on the EPLS can participate in any activities under an award. All applicants are strongly encouraged to review the EPLS in SAM to ensure that no ineligible entity is included.

Organizations must have a commitment to equal opportunity employment practices and to non-discrimination practices regarding beneficiaries, without regard to race, religion, ethnicity, gender, sexual orientation, or political affiliation.

Organizations may only submit one application per organization. If more than one application is submitted by an organization, only the first application received will be reviewed for eligibility and funding.

### **D3. Unique Entity Identifier and System for Award Management (SAM.gov)**

Required Registrations:

All organizations, whether based in the United States or in another country, must have a Unique Entity Identifier (UEI) and an active registration with SAM.gov (this is an official USG website and there is no cost to use this site). A UEI is one of the data elements mandated by Public Law 109-282, the Federal Funding Accountability and Transparency Act (FFATA), for all Federal awards.

*Note: As of April 2022, a DUNS number is no longer required for federal assistance applications.*

The 2 CFR 200 requires that sub-grantees obtain a UEI number. Please note the UEI for sub-grantees is not required at the time of application but will be required before an award is processed and/or directed to a sub-grantee.

***Note: The process of obtaining or renewing a SAM.gov registration may take anywhere from 4-8 weeks. Please begin your registration as early as possible.***

- Organizations **based in the United States** or that pay employees within the United States will need an Employer Identification Number (EIN) from the Internal Revenue Service (IRS) and a UEI number prior to registering in SAM.gov.
- Organizations **based outside of the United States** and that do not pay employees within the United States do not need an EIN from the IRS but do need a UEI number prior to registering in SAM.gov.
- **Please note that as of November 2022 and February 2022 respectively, organizations based outside of the United States that do not intend to apply for U.S. Department of Defense (DoD) awards are no longer required to have a NATO Commercial and Government Entity (NCAGE) code or CAGE code to apply for non-DoD foreign assistance funding opportunities.** If an applicant organization is in mid-registration and wishes to remove a CAGE or NCAGE code from their SAM.gov registration, the applicant should submit a help desk ticket (“incident”) with the Federal Service Desk (FSD) online at [www.fsd.gov](http://www.fsd.gov) using the following language: “I do not intend to seek financial assistance from the Department of Defense. I do not wish to obtain a CAGE or NCAGE code. I understand that I will need to submit my registration after this incident is resolved in order to have my registration activated.”

**Organizations based outside of the United States and that DO NOT plan to do business with the DoD should follow the below instructions:**

Step 1: Proceed to SAM.gov to obtain a UEI and complete the SAM.gov registration process. SAM.gov registration must be renewed annually.

**Organizations based outside of the United States and that DoS plan to do business with the DoD in addition to DoS should follow the below instructions:**

Step 1: Apply for an NCAGE code by following the instructions on the NSPA NATO website linked below:

NCAGE Homepage:

<https://eportal.nspa.nato.int/AC135Public/sc/CageList.aspx>

## NCAGE Code Request Tool (NCRT):

### **Exemptions**

An exemption from the UEI and sam.gov registration requirements may be permitted on a case-by-case basis if:

- An applicant's identity must be protected due to potential endangerment of their mission, their organization's status, their employees, or individuals being served by the applicant.
- For an applicant, if the Federal awarding agency makes a determination that there are exigent circumstances that prohibit the applicant from receiving a unique entity identifier and completing SAM registration prior to receiving a Federal award. In these instances, Federal awarding agencies must require the recipient to obtain a unique entity identifier and complete SAM registration within 30 days of the Federal award date.

Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the NOFO at least two weeks prior to the deadline in the NOFO providing a justification of their request. Approval for a SAM.gov exemption must come from the warranted Grants Officer before the application can be deemed eligible for review.

### **D4. Submission Dates and Times**

Applicants are urged to begin the application process well before the submission deadline as stated on page 3. No exceptions will be made for organizations that have not completed the necessary steps. Grants.gov automatically log the date and time an application submission is made, and the DoS will use this information to determine whether an application has been submitted on time. Applications received after the deadline will not be considered.

### **D5. Funding Restrictions**

Funding awarded under this NOFO cannot be used for law enforcement or to train members of law enforcement.

For the purposes of Section 7073, it is the DoS’s policy that no award may be made to any organization covered by (1) or (2) above, unless the Procurement Executive has made a written determination that suspension or debarment is not necessary to protect the interests of the USG.

## **D6. Other Submission Requirements**

It is the responsibility of the applicant to ensure that it has an active registration in Grants.gov and that an application has been received by the system in its entirety.   - c) A statement of work or synopsis of the project, including a concise breakdown of the project's objectives, activities, and expected results,
  - d) The total amount of funding requested and project length, and
  - e) A brief statement on how the project is innovative, sustainable, and will have a demonstrated impact.
4. Proposal Narrative (not to exceed ten [10] pages in Microsoft Word). Please note the ten-page limit does not include the Table of Contents, Executive Summary, Attachments, Detailed Budget, Budget Narrative, or NICRA. Applicants are encouraged to submit multiple documents in a single Microsoft Word, (i.e., Table of Contents, Executive Summary, Proposal Narrative, and Budget Narrative in one file).
5. Budget Narrative (preferably in Microsoft Word) that includes an explanation and justification for each line item in the detailed budget spreadsheet, as well as the source and a description of all cost share offered. For ease of review, WHA/PPC recommends applicants order the budget narrative as presented in the detailed budget. Project management and/or personnel costs should include a clarification of the roles and responsibilities of key staff and percentage of time devoted to the project. The budget narrative should communicate to WHA/PPC any information that might not be readily apparent in the budget, not simply repeat with words what is stated numerically in the budget.
6. Detailed Line-Item Budget (preferably in Microsoft Excel) that includes three [3] columns including the request to WHA/PPC, any cost-sharing contribution (not required), and total budget (see below for more information on budget format). A summary budget should also be included using the OMB-approved budget categories (see SF-424 as a sample). Costs must be in U.S. dollars.
7. Attachments (not to exceed nine [9] pages total, preferably in Microsoft Word) that include the following in order:
  - a) Page 1-2: Project Monitoring Plan (see below for more information on this section).
  - b) Page 3: Roles and responsibilities of key project personnel with short bios that highlight relevant professional experience. This relates to the organization's capacity. Given the limited space, CVs are not recommended for submission.
  - c) Page 4: Timeline of the overall proposal. Components should include activities, and project closeout.

- d) Page 5: Gender Analysis S: A gender analysis helps consider the different ways in which project activities might impact and be impacted by the community/country/region where the activities and participants are or will be. Guidance is provided in the PSI document. (TAB C)
- e) Page 6-8: Additional optional attachments. Attachments may include further timeline information, letters of support, memoranda of understanding (MOU)/agreement, etc. For applicants with a large number of letters/MOUs, it may be useful to provide a list of the organizations or government agencies that support the project rather than the actual documentation.
- 8. Applicants with a negotiated indirect cost rate agreement (NICRA) must include the latest NICRA as a .pdf file if including NICRA charges in the budget. This document will not be reviewed by the panelists, but rather used by WHA/PPC project and grant staff if the submission is recommended for funding and therefore does not count against the submission page limitations, as described above. If the applicant's proposal involves sub-grants to organizations charging indirect costs, please submit the applicable NICRA also as a .pdf file (see below for more information on indirect cost rates). Applicants must specify if their organization instead elects to charge the de minimis rate of 10% of the modified total direct costs.

Note: WHA/PPC retains the right to request additional documentation for those items not included on this form.

### **Information on Standard Forms**

Please see Tab D for instructions for completion of Standard Forms 424, 424A, and 424B.

### **Office of Management and Budget (OMB) 2 CFR 200**

Organizations should be familiar with 2 CFR 200 on cost accounting principles. For a copy of the 2 CFR 200, please contact Government Publications or download from [http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200\\_main\\_02.tpl](http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl). Non U.S.-based nonprofit organizations are legally required to comply with 2 CFR 200.

### **Audits**

**The recipient's proposal should include the cost of an audit that:**

1. Complies with the requirements of 2 CFR 200 Subpart F "Audit Requirements;"
2. Complies with the requirements of American Institute of Certified Public Accountants (AICPA) Statement of Position (SOP) No. 92-9, "Audits of Not-for-Profit Organizations Receiving Federal Awards;"
3. Complies with AICPA Codification of Statements on Auditing Standards AU Section 551, "Reporting on Information Accompanying the Basic Financial Statements in Auditor-Submitted Documents," where applicable. When the DoS is the largest direct source of Federal financial assistance (i.e., the cognizant Federal Agency) and indirect costs are

charged to Federal grants, a supplemental schedule of indirect cost computation is required;

4. A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of 2 CFR 200 subpart F.

*The audit costs shall be identified by 2 CFR 200.425.*

## **Indirect Cost Rate**

An organization with a negotiated indirect cost rate agreement (NICRA) negotiated with a cognizant Federal government agency other than the DoS must include a copy of the cost-rate agreement. Applicants should indicate in the proposal budget how the rate is applied and if any of the rate will be cost-shared. Per 2 CFR 200.414, any non-Federal entity that has never received a negotiated indirect cost rate, except for those non-Federal entities described in Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals, paragraph D.1.b, may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC), which may be used indefinitely. As described in 2 CFR 200.403, factors affecting allowability of costs, costs must be consistently charged as either indirect or direct costs but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.

All application materials must be submitted through [www.Grants.gov](http://www.Grants.gov) or SAMS Domestic.

## **Section E. APPLICATION REVIEW INFORMATION**

### **E1. Criteria**

The DoS will issue an award to the applicant whose proposal represents the best value to the USG based on technical merit, efficient use of USG funds, and satisfactory organizational capacity. In addition, the organization must demonstrate adequate financial management capability to be measured by a responsibility determination.

Applications should contain the applicant's best terms from both cost and technical standpoints. The implementing partners (sub-recipients) of the primary Recipient will be subject to DoS approval.

Eligible applications will be evaluated by an independent review panel consisting of subject matter experts from other DoS bureaus/or offices, U.S. Embassies, and/or other USG agencies. Final approval resides with the DoS Grants Officer. The decision for the final eligibility and award determination rests with the Grants Officer.

The following criteria will serve as a standard, which all eligible applications will be evaluated against. Each eligible application will be evaluated and scored on the review criteria using a 100-point scale.

The review panel will apply the following criteria when rating proposals:

1. Quality and Feasibility of Project Idea (20 points)

- Responsive to the solicitation (4 points)
- Appropriate in the country/regional context (4)
- Exhibits originality, substance, and precision (4)
- Prioritizes innovation, but is feasible (4)
- In countries where similar activities are already taking place, provides an explanation as to how new activities will not duplicate or merely add to existing activities (4)

2. Organizational Capacity and Record of Performance (10 points):

- The proposal demonstrates an institutional record of successful programs in the proposed country, the content area (e.g., media, access to justice), or other (describe) (4)
- Personnel and institutional resources are adequate and appropriate to achieve the project's objectives (2)
- Roles, responsibilities, and brief bios/resumes are included for primary staff, and demonstrate relevant professional experience (2)
- Applicant is a current/past grantee where performance: (2)
  - Was/is on target
  - Showed/shows responsible fiscal management

OR

- The proposal is from a NEW APPLICANT and proposal: (2)
  - Demonstrates capacity for responsible fiscal management
  - Illustrates success in similar sized projects

3. Program Planning and Ability to Achieve Objectives (25 points)

- Includes a clear articulation of the proposed program activities' expected contributions to the overall program objectives (3)
- Each activity is clearly developed and detailed (3)
- Provides a comprehensive quarterly work plan for project activities that demonstrates substantive undertakings within the logistical capacity of the organization (3)
- Objectives are clear, specific, attainable, measurable, results-focused, and placed in a reasonable time frame (3)
- Addresses how the program will engage or obtain support from relevant stakeholders and identifies local partners where appropriate (3)
- Describes the division of labor among the direct applicant, any partners and any potential sub-grantees (2)
- Proposal clearly articulates understanding of the security situation/operating environment and plans for ensuring safety of participants (2)

- Includes contingency plans for potential difficulties in executing the original work plan (6)

#### 4. Financial Capacity and Cost Effectiveness (15 points):

- The overhead and administration of the proposal, including salaries and honoraria, are explained and justified for the work involved (5)
- All budget items are necessary, appropriate and linked to project objectives (5)
- Personnel costs are reasonable for the work involved (5)
- NOTE: Cost share is not required. Applicants may offer cost share, however, cost share will not be considered or factored in when proposals are reviewed.

#### 5. Performance Monitoring, Evaluating, and Learning (MEL) (20 points):

- The Project Monitoring Plan includes:
  - o Narrative explaining how monitoring and evaluation will be carried out and who will be responsible for monitoring and evaluation activities (7)
  - o Table listing by project objectives the output- and outcome-based performance indicators with baselines and (yearly and cumulative) targets; data collection tools; data sources; types of data disaggregation, if applicable; and frequency of monitoring and evaluation (9)
  - o Logic model that includes outcomes, outputs, and activities that specify measurable numerical targets (4)

#### 6. Sustainability of Impact/Multiplier Effect (10 points)

- Clearly delineates how elements of the project will have a multiplier effect (5)
- Clearly delineates how impact will be sustainable beyond the life of the grant (5)

Cost Review: Costs will be reviewed for reasonableness, allowability, allocability, and cost-effectiveness of the use of USG funds. The review of cost-effectiveness will include an examination of the application's budget detail to ensure it is a realistic financial expression of the proposed project and does not contain estimated costs that are not allocable, reasonable, or allowable.

Applications that maximize direct activity costs and minimize administrative costs are encouraged. Other considerations are the completeness of the application, adequacy of budget detail, and consistency with elements of the technical application. In addition, the organization must demonstrate adequate financial management capability to be measured by a responsibility determination. Final approval of the budget resides with the Grants Officer.

## **E2. Review and Selection Process**

Applications will first be reviewed to determine technical eligibility.

All technically eligible applications will move forward to the merit review panel. Applications will be reviewed against the same criteria as listed above. Applications will be scored based on

the strengths and weaknesses of the afore-mentioned categories and for consistency with the program goals and objectives outlined in this NOFO.

The Merit Review Panel may provide conditions and recommendations to enhance the recommended proposal, which must be addressed by the applicant before further consideration of the award. To ensure effective use of US Government funds, conditions or recommendations may include requests to increase, decrease, clarify, and/or justify costs and project activities.

### **E3. Responsibility/Qualification Information in SAM.gov (formerly FAPIIS)**

The DoS, prior to making a federal award with a total amount of federal share greater than the simplified acquisition threshold, is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (formerly FAPIIS) (see 41 U.S.C. 2313). The applicant, at its option, may review information about itself that a Federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through [www.sam.gov](http://www.sam.gov). Currently, federal agencies create integrity records in the integrity module of the Contractor Performance Assessment and Reporting System (CPARS) and these records are visible as responsibility/qualification records in SAM.gov.

The DoS will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in §200.205 Federal awarding agency review of risk posed by applicants.

Applicant organizations must demonstrate adherence to equal opportunity employment practices and commitment to non-discrimination with respect to beneficiaries. Non-discrimination includes equal treatment without regard to race, religion, ethnicity, gender, and political affiliation.

Applicants are reminded that U.S. Executive Orders and U.S. law prohibits transactions with or support to individuals or organizations associated with terrorism.

- Proposals that reflect any type of support for any member, affiliate, or representative or a designate to terrorist organization or narcotics trafficker, including elected members of government, will NOT be considered. This provision must be included in any sub-awards/sub-contracts issued under this award.
- U.S. Applicant organizations must demonstrate adherence to equal opportunity employment practices and commitment to non-discrimination with respect to beneficiaries. Non-discrimination includes equal treatment without regard to race, religion, ethnicity, gender, and political affiliation.

- Applicants under DoS-funded projects are responsible for complying with all applicable tax treaties and federal, state, and local laws on tax withholding and reporting for project participants.

## **Section F. FEDERAL AWARD ADMINISTRATION INFORMATION**

### **F.1 Federal Award Notices**

Successful applicant will be notified via email. This email may include a request for the applicant respond to panel conditions and recommendations. This notification is not an authorization to begin activities and does not constitute formal approval or a funding commitment.

Additional information that successful applicants may be required to submit after notification of intent to make a Federal award, but prior to issuance of a Federal award, may include:

- Written responses and any revised application documents addressing any conditions or recommendations from the Review Panel and awarding bureau;
- Completion of the Department's Financial Management Survey, if receiving funding for the first time or requested by the Grants Officer;
- Submission of required documents to register in the Payment Management System (PMS) managed by the Department of Health and Human Services if receiving funding for the first time. PMS registration is bureau-specific;
- Other requested information or documents included in this funding opportunity or subsequent communications with the recommended applicant prior to issuance of a Federal award.

Final approval is also contingent on Congressional Notification requirements being met and final review and approval by the Department's Grants Officer. The Grants Officer is the USG official delegated the authority by the DoS, Procurement Executive to write, award, and administer grants and cooperative agreements. The Award Agreement is the sole authorizing document and will be provided to winning organization electronically through DoS SAMS Domestic. Organizations whose applications will not be funded will be notified in writing.

**Issuance of this NOFO and negotiation of the recommended proposal does not constitute an award commitment on the part of the USG, nor does it commit the USG to pay for costs incurred in the preparation and submission of proposals. Furthermore, the USG reserves the right to reject any or all proposals received.**

Award cannot be issued until funds have been fully appropriated, allocated, and committed through internal DoS procedures. While it is anticipated that these procedures will be

successfully completed, potential applicants are hereby notified of these requirements. All preparation and submission costs are at the Applicant's expense.

Pursuant to 2 CFR 200.400(g), it is DoS policy not to award profit under assistance instruments.

2 CFR §200.501 requires domestic/US non-federal entities that expend \$750,000, or more, in federal assistance during organization's fiscal year to have a single or program-specific audit conducted for that year. In addition, the entity must report the collected audit data elements on the form SF-SAC and submit it to the Federal Audit Clearinghouse. Any findings such as material weaknesses, significant deficiencies, or material noncompliance are reported on the SF-SAC.

**Payment Method:** Payments under this award will be made through the U.S. Department of Health and Human Services (HHS) Payment Management System (PMS). Unless otherwise stipulated, the Recipient may request payments on a reimbursement or advance basis. Instructions for requesting payments are available at: <https://pms.psc.gov/>.

## **F.2 Administrative and National Policy Requirements**

Before submitting an application, applicants should review all the terms and conditions and required certifications which will apply to this award, to ensure that they will be able to comply.

These include:

- [2 CFR 25 - UNIVERSAL IDENTIFIER AND SYSTEM FOR AWARD MANAGEMENT](#)
- [2 CFR 170 - REPORTING SUBAWARD AND EXECUTIVE COMPENSATION INFORMATION](#)
- [2 CFR 175 - AWARD TERM FOR TRAFFICKING IN PERSONS](#)
- [2 CFR 182 - GOVERNMENTWIDE REQUIREMENTS FOR DRUG-FREE WORKPLACE \(FINANCIAL ASSISTANCE\)](#)
- [2 CFR 183 - NEVER CONTRACT WITH THE ENEMY](#)
- [2 CFR 600 – U.S. DEPARTMENT OF STATE REQUIREMENTS](#)
- [U.S. DEPARTMENT OF STATE STANDARD TERMS AND CONDITIONS](#)

In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the DoS will review and consider applications for funding, as applicable to specific programs, pursuant to this notice of funding opportunity in accordance with the following:

- [Guidance for Grants and Agreements in Title 2 of the Code of Federal Regulations](#) (2 CFR), as updated in the Federal Register's 85 FR 49506 on August 13, 2020, particularly on:

- Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR part 200.205),
- Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR part 200.322), and
- Terminating agreements in whole or in part to the greatest extent authorized by law, if an award no longer effectuates the program goals or agency priorities (2 CFR part 200.340).

In accordance with the [Executive Order on Advancing Racial Equity and Underserved Communities](#), proposals should demonstrate how the program advances equity with respect to race, ethnicity, religion, income, geography, gender identity, sexual orientation, sex, sexual orientation, gender expression, sex characteristics, national origin, and disability. The proposal should also demonstrate how the program will further engagement in underserved communities and with individuals from underserved communities. Proposals should demonstrate how addressing racial equity and underserved communities will enhance the program's goals and objectives, as well as the experience of participants.

The support of underserved communities will be part of the review criteria for this opportunity. Therefore, proposals should clearly demonstrate how the program will support and advance equity and engage underserved communities in program administration, design, and implementation.

Applicants should plan to coordinate with WHA/PPC throughout the course of the agreement to ensure assistance is provided only to eligible participants.

### **F3. Reporting**

#### **The Foreign Assistance Data Review (FADR)**

FADR is an initiative at the DoS to improve the overall quality, reliability, and availability of foreign assistance data to provide Congress, Department leadership and the public with an accurate picture of the Department's foreign assistance portfolios. FADR affects how foreign assistance is tracked and accounted for. Geographical and program area information is now coded within the subaccount/award number and now it is possible to assign more than one Benefitting Country/Program Area to a single award if applicable. Where there is more than one line of accounting, your award will indicate specific fiscal information corresponding to FADR. Recipients will be required to work with the awarding Bureau to clearly identify the PMS account, corresponding FADR country/program area (if applicable), amounts of federal share and cost-share, and instructions on reporting and requesting payment.

#### **Financial Reports**

The Recipient will be required to submit quarterly financial reports (unless stipulated otherwise in the final Agreement) throughout the project period using form SF-425, the Federal Financial

Report form. If payment is made through the Payment Management System, all financial reports must be submitted electronically through the Payment Management System. The Recipient will also be required to upload to SAMS Domestic a pdf version of all financial reports (Federal Financial report) they have submitted in the Payment Management System. Form (SF-425) can be found here: <https://www.grants.gov/web/grants/forms/post-award-reporting-forms.html#sortby=1>

### **Progress Reporting**

The Recipient will be required to upload quarterly progress reports (unless stipulated otherwise in the final Agreement) to the award file in SAMS Domestic. Progress reports must be submitted quarterly unless otherwise stipulated in the Agreement; the frequency will be determined by DoS prior to award.

Progress reports should also reflect the Recipient's continued focus on measuring the project's impact on the overarching goals or problems the project set out to address. An assessment of the overall project impact, as appropriate, should be included in each quarterly project report. The Recipient should produce performance monitoring plans, including quantity and quality of the curriculum, participants' progress reports, and pre- and post-training communications. The quarterly reports should be in narrative form which highlights the project's progress (such as the number and type of students, events, ongoing engagements, etc.), achievements, lessons learned, adaptive management changes, and any regulatory reporting required. Further, the project, data collection, and report should also include information on post-class contact between students and staff.

### **Final Reports**

The final summary financial and progress reports will be due no later than 120 calendar days after the end date of the award or termination of all project activities. The Final Progress Report shall include the following elements: executive summary, successes, outcomes, best practices, how the project addresses gender issues and marginalized communities, how the project will be sustained. Additional guidance may be provided prior to the award end date.

**NOTE:** delays in reporting may result in delays of payment approvals and failure to provide required reports may jeopardize the recipients' ability to receive future USG funds.

WHA/PPC reserves the right to request any additional programmatic and/or financial project information during the award period of performance.

**NOTE:** It is the DoS policy that English is the official language of all award documents. If reports or any other supporting documents are provided in both English and a foreign language, it must be stated in each version that the English language version is the controlling version. U.S. dollar is the controlling currency. Financial reports must be submitted in U.S. dollars.

#### **H5. Monitoring Site Visits**

A monitoring site visit, at least once during the lifetime of an award, may be conducted by DoS personnel. The site visit is conducted to gather additional information on the recipient's ability to properly implement the project, manage DoS funds and share substantiating document for programmatic and financial reporting. Specifically, the site visit may involve the review of the programmatic progress (progress on activities, sub-recipient/consultant work, etc.) as well as administrative and financial management controls. This may include observing classroom modules virtually or in person and visit applicant's headquarters and regional offices to observe operations.

#### **H6. Privacy Disclosure**

DoS understands that some information contained in applications may be considered sensitive or proprietary and will make appropriate efforts to protect such information. However, applicants are advised that DoS cannot guarantee that such information will not be disclosed, including pursuant to the Freedom of Information Act (FOIA) or other similar statutes.

#### **Mandatory disclosures (2 CFR 200.113)**

Non-federal entity, applicant or applicant for a federal award must disclose, in a timely manner, in writing to the federal awarding agency or pass-through entity all violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Non-federal entities that have received a Federal award including the term and condition outlined in Appendix XII of the 2 CFR 200—Award Terms and Conditions for Recipient Integrity and Performance Matters-- are required to report certain civil, criminal, or administrative proceedings to [www.sam.gov](http://www.sam.gov).

Failure to make required disclosures can result in any of the remedies described in §200.338 Remedies for Noncompliance, including suspension or debarment.

The DoS will issue an award to the Applicant whose application represents the best value to the USG based on technical merit, efficient use of USG funds, and satisfactory organizational capacity.

The DoS reserves the right to make an award based on the initial application received with or without discussion or negotiations. Therefore, applications should contain the Applicants' best terms from both cost and technical standpoints.

**It is DoS policy that English is the official language and U.S. dollar is the controlling currency. Applications and related supporting documents must be written in English and the accompanying budget must be presented in U.S. dollars.**

**DISCLAIMER:**

The DoS has no obligation to provide any additional future funding in connection with the award. Renewal of an award to increase or decrease funding or extend the period of performance is at the total discretion of the DoS and availability of funding.

## TAB A: PROPOSAL GUIDELINES

### Proposals must include the following components:

- Introduction and Problem Statement
- Planned Activities
- Indicators

**Problem Statement and Rationale:** Describe the problem and how the project will achieve or contribute to achieving a sustainable solution and a measurable outcome. The applicant should explain the extent of existing assistance within the particular geographic area, and how the proposed intervention may complement (or differ from) other similar interventions. The applicant should also explain, as necessary, the particular experience and qualifications it brings to the project. The rationale should also reflect an understanding of the priorities and policies of the DoS or project with which this proposal is associated.

**Planned Activities and Indicators:** Describe the planned activities, and relevant stakeholders for implementation. The applicant should highlight key stakeholders and their expected roles in the project, along with any contingencies. The applicant should list assumptions that are dependent upon the ultimate success of the project. This could include elements like geographic location, coordination efforts with other international organizations, or political will from host governments, private sector, and NGOs. As appropriate, limited contingency possibilities should be included in the proposal, in case the initial planning assumptions are not met. Example of a planned activity and contingency:

Sample Planned Activity	Contingency
Government services workshops in collaboration with the central Government of Costa Rica, focused on improving knowledge of protocols for delivery of a government service. (Example: the equitable provision of public services.)	If the appropriate agency of the Government of Costa Rica does not engage at the expected level, project team will look to municipal or local governments to assist in convening key stakeholders.

In the proposal, there should be a clearly defined link between each of the following elements as delineated:

Problem Statement -> Planned Activities/Inputs -> Process Indicators -> Output Indicators -> Outcome Indicators -> Impact

**Process Indicators** measure the activity that has been completed. Please delineate the specific activities to be conducted, such as workshops, roundtables, trainings, forums, exchanges, policy dialogues, etc. All indicators must include targets. Example of a process indicator:

<b>Process Indicator</b>	50 women trained in energy efficiency standards
--------------------------	---

**Output Indicators**, otherwise known as deliverables, associated with the agreement, should be included. Unlike process indicators, outputs are what is produced, and are often tangible. At this level, it is the measurement of ability, knowledge, skills, or access. All indicators must include targets. Example of an output indicator involving the same participants:

<b>Output Indicator</b>	80 percent of participants demonstrate at least 75 percent cognizance of standards to effectively provide government services.
<b>Output Indicator</b>	50 government workers trained in protocols or standards for providing a particular government service

**Outcome Indicators** measure the change in system, behavior, or practice. Expected outcomes are the results that come from a series of activities that are necessary to achieve impact. All indicators must include targets. Example of an outcome indicator:

<b>Outcome Indicator</b>	30 percent of government services offered by the targeted agency(ies) begin to implement new protocols as a result of participants' participation.
--------------------------	--

All indicators **must** include measurable, numerical targets, which should serve as the foundation for monitoring and evaluation efforts. Ultimately, proposed activities and achievement of indicator targets will lead to impact.

## **TAB B: PROJECT MONITORING PLAN (PMP)**

WHA/PPC will work with recipient organizations to implement the appropriate monitoring plan that meets both the needs of WHA/PPC and the implementing partner. Incorporating a well-designed monitoring component into a project is one of the most efficient methods of documenting the progress and potential success of a project. Proposals should include a methodology to survey beneficiaries before and after activities occur to measure quantitative and qualitative progress. Successful monitoring depends on the following:

- Setting objectives that are specific, measurable, attainable, results-focused, and placed in a reasonable time frame (SMART);
- Linking project activities to stated objectives;
- Defining the baseline data; and
- Developing key performance indicators that measure realistic progress towards the objectives.

Complete applications will include a detailed M&E Narrative and M&E Plan, which detail how the project's progress will be monitored and evaluated. Incorporating well-designed monitoring and evaluation processes into a project is an efficient method for documenting the change (intended and unintended) that a project seeks. Applications should demonstrate the capacity to provide objectives with measurable outputs and outcomes.

WHA/PPC expects implementing organizations will track participants or partners as appropriate and be able to respond to key evaluation questions, including satisfaction with the project/training, information learned as a result of the project/training, changes in attitude and behavior as a result of the project, and effects of the project on institutions with which participants work or partner. Applicants should include the monitoring and evaluation process in their timeline.

The grantee will be required to provide reports with an analysis and summary of their findings, both quantitative and qualitative, in regular progress reports to WHA/PPC. The quality of the M&E sections will be judged on the narrative explaining how both monitoring and evaluation will be carried out and who will be responsible for those related activities. The M&E Narrative should explain how an external evaluation will be incorporated into the project implementation plan or how the project will be systematically assessed in the absence of one.

The monitoring plan should include, at a minimum, the following elements:

- A results "Logic Model" planning document (see sample on page 20).
- Indicators, as described in Tab A, as well as details on how each indicator will be measured, frequency of the measurements, units of measure, etc. Provide indicators at the output and outcome levels. Monitoring plans should include a chart component

that clearly delineates indicators and targets. All indicators must include measurable, numerical targets.

- Establish, where possible, performance baseline data and expected performance targets for each indicator/outcome. In some cases, the baseline may be zero.
- Describe monitoring tools, such as rapid assessment surveys, site visits, key stakeholder interviews, etc., that will be used.
- Plans should describe how the project's impact and effectiveness will be monitored throughout the project.

### Sample “Logic Model” Planning Tool

Note: Outcomes, outputs, and activities should include numerical, measurable targets. A Logic Model is a useful tool for planning and utilized when designing monitoring and evaluation methodology and frameworks.

Please note that particularly when the expected outcome or impact is “improved XXX,” it is critical to set a baseline and expected improvement. For example, in the chart above, Outcome 1 “Improved production and productivity of female and male producers” would need to define the production and productivity at the start of the project (or use some other baseline data), then define a percent increase desired.

### TAB C: BUDGET GUIDELINES

Complete budgets will provide a detailed line-item budget outlining specific cost requirements for proposed activities. A minimum of three columns should be used to delineate the funding request, cost share by applicant, and total project funding. Complete applications will include a budget narrative to clarify and justify individual line items (i.e. calculations of how the costs were derived per month or year, their necessity, and overall contribution to the project's cost-effectiveness).

The three-column proposal line-item budget should include the following components, in the suggested format below:

	Unit Cost	Proposal Request	Cost Share	Total

**Note:** This budget is designed to serve as an example of the format for complete budget submissions and is NOT exhaustive. Please utilize the attached template or download from Grants.gov. Individual line items included in each applicant's budget should reflect specific project activities. (pax = participants)

**LINE-ITEM BUDGET – (applicants are instructed to utilize the following Excel budget template, which includes an instruction sheet):**

Budget Template  
with instruction sheet

**Before grants are awarded, WHA/PPC reserves the right to reduce, revise, or increase proposal budgets in accordance with the needs of WHA/PPC's project and availability of funds.**

As mentioned above, the detailed budget should also include an accompanying budget notes document that explains and justifies each line item, in the suggested format below:

### **Budget Justification Narrative**

**A. Personnel:** Identify staffing requirements by each position title and brief description of duties. For clarity, please list the annual salary of each position, percentage of time and number of months devoted to the project. (e.g., Administrative Director: \$30,000/year x 25% x 8.5 months; calculation:  $\$30,000/12 = \$2,500 \times 25\% \times 8.5 \text{ months} = \$5,312.$ )

**B. Fringe Benefits:** State benefit costs separately from salary costs and explain how benefits are computed for each category of employee - specify type and rate.

**C. Travel:** Staff and any participant travel:

1) International airfare

- 2) In-country travel
- 3) Domestic travel in Country X., if any
- 4) Per diem/maintenance: includes lodging, meals and incidentals for both participant and staff travel. Rates of maximum allowances for U.S. and foreign travel are available from the following website: <http://www.policyworks.gov/>. Per diem rates may not exceed the published USG allowance rates; however, institutions may use per diem rates lower than official government rates.
- 5) Staff refers to grantee staff only, and not sub-grantee staff or contractors.

**D. Equipment:** Please provide justification for any equipment purchase/rental, defined as tangible personal property having a useful life of more than one year and an acquisition cost of \$5000 or more.

**E. Supplies:** List items separately using unit costs (and the percentage of each unit cost being charged to the grant) for photocopying, postage, telephone/fax, printing, and office supplies (e.g., Telephone: \$50/month x 50% = \$25/month x 12 months).

**F. Contractual**

- a) Sub-grants. For each sub-grant/contract, please provide a detailed line-item budget breakdown explaining specific services. Please provide a sub-grant budget using the approved OMB budget with the above budget format. (See Tab C: Budget Guidelines, above.)
- b) Consultant Fees. For example, lecture fees, honoraria, travel, and per diem for outside speakers or independent evaluators: list number of people and rates per day (e.g., 2 x \$150/day x 2 days).

**G. Other:** These will vary depending on the nature of the project. The inclusion of each should be justified in the budget narrative. All costs must be allowable, allocable, and reasonable, and consistent with OMB guidelines. Line items such as "Miscellaneous," "Contingency Fund," and "Reserve Fund" are permissible but must comply with the cost principles and include justification.

**H. Indirect Charges:** See 2 CFR 200.414, "Indirect Costs"

- 1) If your organization has an indirect cost-rate agreement with the USG, please include a copy of this agreement. Please specify if your organization elects to charge the de minimis rate of 10% of the modified total direct costs. This does not count against submission page limitations.
- 2) If your organization is charging an indirect rate, please indicate how the rate is applied—to direct administrative expenses, to all direct costs, to wages and salaries only, etc.
- 3) Do not include indirect costs against participant expenses in the proposal budget.

**Cost Share/Cost Effectiveness:** Cost sharing is not required. Explanation of contributions should be included, whether cash or in-kind. Assign a monetary value in U.S. dollars to each in-kind contribution. If the proposed project is a component of a larger program, identify other funding sources for the proposal and indicate the specific funding amount to be provided by those sources. In addition, it is recommended that budget narratives address the overall cost-

effectiveness of the proposal, including leveraging of institutional or other resources. Cost sharing or matching refers to a portion of project or program cost that is not borne by the Federal government. Grantees must follow the cost sharing or matching policy as stipulated in 2 CFR 200.306. Cost-sharing amounts proposed will be incorporated as part of the allowable budget items. If selected for an award, the organization will have to provide the minimum amount of cost sharing as stipulated in the budget approved by a Grants Officer. If the organization does not meet its cost-share amount stipulated in the approved budget by the end of the period of performance, DoS will have the option to (1) reduce its contribution in proportion to the organization's contribution in the event that it does not provide the minimum amount of cost sharing stipulated in the budget or (2) hold the organization accountable for the amount specified in the approved budget.
