

UPCOMING EXHIBITIONS

Here's the latest news from the Exhibition Committee.

PSA will be presenting a JURIED exhibition during the month of June at the Creative Arts Group art gallery located in Sierra Madre. The digital take-in will be in mid-April. Further details will be announced soon. Look for the "Call For Entries" to arrive in your email box during March. Volunteers will be needed for the installation at the gallery, the reception and other exhibition related activities.

If you are interested please contact the Exhibition Committee at Exhibitions@PasadenaSocietyofArtists.org

The Exhibition Committee has been in contact with several other galleries regarding exhibition opportunities for 2023. Additional exhibition announcements are coming soon.

Looking ahead to 2025, PSA's Centennial Year and celebration, there may be as many as four different juried exhibitions and an artist's choice exhibition. If you plan to submit to all five proposed exhibitions then start now on creating new artworks specifically for these exhibition

opportunities. It is only 20 months until the juried take-in, for the first Centennial, exhibition.

Again, during 2023 all exhibitions will be presented in galleries and online at [ISSUU.com](https://issuu.com). Full color printed catalogs will also be available for all exhibitions.

Reminder, digital take-ins, the online exhibition, and the printed catalog will require high resolution digital images of each artwork. Please consider enlisting the assistance of a professional photographer who understands how to properly photograph artwork.

Questions or comments? The Exhibition Committee can always be contacted at Exhibitions@PasadenaSocietyofArtists.org

The Exhibition Committee is looking forward to seeing all of the great new artwork during 2023.
