## 1 Introduction

---

The Center for Consumer Information and Information Oversight (CCIIO) at the Department of Health and Human Services' (HHS) Centers for Medicare & Medicaid Services (CMS) implemented a streamlined process for the collection of reinsurance contributions for the Affordable Care Act's (ACA) Transitional Reinsurance Program. A Contributing Entity, or a Third Party Administrator (TPA) or Administrative Services Only (ASO contractor) on behalf of the Contributing Entity, completes all required steps for the submission of reinsurance contributions for 2015 on the Pay.gov website at <https://www.pay.gov>.

This document assists a Contributing Entity, or a TPA or ASO contractor on behalf of the Contributing Entity, to perform the required steps for completing the 2015 reinsurance contribution submission process.

## 2 Background

---

Section 1341 of the Affordable Care Act established a transitional reinsurance program to stabilize premiums in the individual market both inside and outside of the Marketplaces. For the 2014, 2015, and 2016 Benefit (Calendar) Years, the Transitional Reinsurance Program collects contributions from Contributing Entities to fund reinsurance payments to issuers of non-grandfathered, reinsurance-eligible individual market plans, the administrative costs of operating the reinsurance program, and the General Fund of the U.S. Treasury.

For 2015 and 2106, Contributing Entities (45 CFR 153.20) are defined as health insurance issuers and self-insured group health plans (including a group health plan that is partially self-insured and partially insured, where the health insurance coverage does not constitute major medical coverage) that use a third party administrator in connection with claims processing or adjudication (including the management of internal appeals) or in connection with plan enrollment for services other than for pharmacy benefits or excepted benefits within the meaning of section 2791(c) of the PHS Act. Notwithstanding the foregoing, a self-insured group health plan that uses an unrelated third party to obtain provider network and related claim repricing services, or uses an unrelated third party for up to 5 percent of claims processing or adjudication or plan enrollment, will not be deemed to use a third party administrator, based on either the number of transactions processed by the third party, or the value of the claims processing and adjudication and plan enrollment services provided by the third party. A self-insured group health plan that is a Contributing Entity is responsible for the reinsurance contributions, although it may elect to use a third party administrator or administrative services-only contractor for transfer of the reinsurance contributions.

 In 2015 and 2016, self-insured, self-administered group health plans that **do not** use a TPA in connection with claims processing, claims adjudication, and plan enrollment are not considered a Contributing Entity and therefore are not required to make contributions. Please see 45 CFR 153.20 and the HHS Notice of Benefit and Payment Parameters for 2015 (79 FR 13744) for more information regarding this exemption.

Figure 1 identifies key deadlines applicable to the 2015 benefit year.

### 3 2015 Transitional Reinsurance Contributions Submission Process Overview

A Reporting Entity may be a Contributing Entity, or a TPA or ASO contractor, or any other party completing the reinsurance contributions submission process. To begin the submission process, the Reporting Entity must sign in (if an account was already created for the 2014 benefit year submission process) or register on the Pay.gov website at <https://www.pay.gov>.

Once registered on Pay.gov, the Reporting Entity must search for the Form by entering “2015 ACA” in the search box and complete a series of steps to file and schedule the reinsurance contribution payment(s). The annual enrollment submission filings are due no later than Monday, November 16, 2015. Refer to Figure 1: Key Deadlines for 2015 of this document for more information regarding filing and remittance due dates.

Figure 2 illustrates the 2015 reinsurance contributions submission process.

Figure 2: 2015 Contributions Submission Process

Steps in the reinsurance contributions submission process are to:

- Calculate the Annual Enrollment Count using one of the permitted counting methods.
- Prepare Supporting Documentation, if applicable. For more details, refer to [Appendix D: 2015 Supporting Documentation](#) in this document.
- Sign in or register on Pay.gov.
- Complete the 2015 Form.
- Upload Supporting Documentation, if applicable.
- Enter payment information.
- Schedule payment.

Permitted Counting Methods are in 45 CFR 153.405(d) through (g) and further explained in the “Module 2: 2015 Reinsurance Contributions Counting Methods Overview” or the “2015 Benefit Year - RIC: Examples of Counting Methods for Contributing Entities” available in the REGTAP Library or CCIO’s Transitional Reinsurance Program webpage. Refer to [Appendix B: Resources and Regulatory References](#) for website links.

Reporting Entities complete the following steps on Pay.gov:

1. Register on <https://www.pay.gov> to create an account and set a user name and password if not already registered. Some of the information in the user profile is pre-populated into the Form. For more details, review the section titled [Key Points about Pay.gov Registration](#) in this document.
2. Log onto Pay.gov to search for and select the “2015 ACA Transitional Reinsurance: Annual Enrollment and Contributions Submission Form.”
3. Complete the Form by reviewing and entering demographic information for the Reporting Entity; reviewing and entering contact information for billing, submission, and the Authorizing Official; and entering the Annual Enrollment Count.
4. Reporting for four (4) or more Contributing Entities on a single Form requires an upload of Supporting Documentation in a comma-separated value (.CSV) file, in a specific layout, that contains each Contributing Entity’s identifying information and Annual Enrollment Count represented in the Form’s Annual Enrollment Count, which is an aggregate of all Annual Enrollment counts listed in the Supporting Documentation. For more details, refer to [Appendix D: 2015 Supporting Documentation](#) in this document.

In 2015, a Supporting Documentation (.CSV) file **is not** required if reporting for three (3) or fewer Contributing Entities on one Form. A Supporting Documentation (.CSV) file **is** required if reporting for four (4) or more Contributing Entities per Form.

5. Enter banking information and schedule contribution payment based on the selected Type of Payment. It is recommended that the contribution payment date be scheduled prior to the payment deadline, but no later than the regulatory deadline. Refer to Figure 1: Key Deadlines for 2015 of this document for more information regarding filing and remittance due dates.

Depending on the “Type of Payment” selected, steps 2, 3, and 4 are completed multiple times. Refer to [Section 4: Things to Consider before Getting Started](#) of this document for further details.

A more detailed version of these steps is included in [Section 6: Locate and Complete the 2015 Form](#).

## 4 Things to Consider Before Getting Started

### 4.1 Multiple Form Filings

Reporting Entities determine whether multiple Form submissions are required prior to starting the process within Pay.gov.

A Reporting Entity is required to submit more than one (1) Form in the following scenarios:

1. When selecting a First Collection and Second Collection:

Pay.gov only allows the scheduling of one (1) payment at a time; therefore, a Reporting Entity that chooses to remit a two-part payment needs to submit one (1) Form and associated Supporting Documentation, if applicable, for each payment type (First Collection and Second Collection). These Form filings are required by November 16, 2015. The payments should be scheduled within the regulatory deadlines.

2. When submitting contributions for more enrollees than permitted in a single Pay.gov transaction:

- In 2015, when a First Collection or Second Collection is chosen, the maximum reportable Annual Enrollment Count is 3,030,303.00 for the Form filing and payment
- In 2015, when a Combined Collection is chosen, the maximum reportable Annual Enrollment count is 2,272,727.27 for the Form filing and payment

Annual Enrollment Count reporting limitations are based on the maximum payment amount outlined on the Pay.gov website. Here is an example of the annual enrollment limitation calculation for 2015:

**\$99,999,999.99 = the maximum payment permitted within Pay.gov**

\$44.00 = the annual reinsurance contribution amount required for each covered life (Combined Collection)

\$33.00 = the annual reinsurance contribution portion for the reinsurance payment and administration costs (First Collection)

\$11.00 = the annual reinsurance contribution portion for the General Fund of the U.S. Treasury (Second Collection)

Therefore, for the First and Second Collections, the Annual Enrollment count limitation is based on the 2015 payment portion for reinsurance payment and administration, i.e., \$99,999,999.99, divided by \$33.00, which equals 3,030,303.00.

3. When using more than one (1) bank account:

Only a single bank account may be entered per Form. A Reporting Entity choosing to submit contributions from multiple bank accounts must submit a separate Form and related Supporting Documentation, if applicable, for each bank account.

4. When completing more than one (1) Form is a business requirement:

There may be situations where a Reporting Entity is required to use different contacts or is required to group Contributing Entities in a certain manner. This is a business decision between Reporting and Contributing Entities.

**A Reporting Entity** is an organization carrying out the steps of the reinsurance contributions submission process. We define a Reporting Entity as a Contributing Entity, a TPA, ASO contractor, or any other party filing the reinsurance contribution on behalf of a Contributing Entity.

## 4.2 Collection of Required Information for Filing

Confirm the following prior to registering on Pay.gov, as noted in Table 1 below.

Table 1: Type of Information Required for Completing the Form

Data Type	Data Required
<b>Reporting Entity Demographics</b>	Legal Business Name (LBN); Federal Tax Identification Number (TIN); Full Billing Address (cannot be Post Office Box)

Data Type	Data Required
<b>Billing Contact</b>	Name, Job Title, Email, and Telephone number for Billing Contact
<b>Billing Address</b>	Address, City, State, and Zip Code
<b>Contact for Submission</b>	Name, Job Title, Email, and Telephone number
<b>Annual Enrollment Count(s)</b>	Calculated using one (1) of the permitted counting methods in 45 CFR 153.405 (d) through (g)
<b>Supporting Documentation, if applicable</b>	.CSV file of supporting data, if applicable
<b>Authorizing Official Information</b>	Name, Job Title, Email, and Telephone number for Authorizing Official
<b>Banking Information</b>	Account Holder Name, Account Type (checking or savings), Bank Routing (ABA), and Bank Account Number

### 4.3 Review Program Related Information

In addition to the data noted in Table 1, the Reporting Entity can review other program-related materials located on CCIO’s Transitional Reinsurance Program webpage at <http://www.cms.gov/CCIIO/Programs-and-Initiatives/Premium-Stabilization-Programs/The-Transitional-Reinsurance-Program/Reinsurance-Contributions.html> or on REGTAP at <https://www.regtap.info/ricontributions.php>. Related documents and Frequently Asked Questions (FAQs) are located on REGTAP by selecting “Library” or “FAQs” on the REGTAP dashboard and filtering by Program Area “Reinsurance-Contributions.” REGTAP also allows registrants to sign up for events.

For more details about other program-related resources, refer to [Appendix B: Resources and Regulatory References](#) in this document. Once data is gathered and resources are reviewed, the next step is to register on Pay.gov, if the Reporting Entity’s organization is not already registered.

### 4.4 Know your Deadlines

*Figure 1: Key Deadlines for 2015* in [Section 2: Background](#) identifies the key deadlines applicable to the 2015 benefit year.

- The submission of Annual Enrollment Count and scheduling of reinsurance contribution payment(s) is due no later than Monday, November 16, 2015.
- There are two (2) separate deadlines for remitting the two-part payment amount for the 2015 benefit year.

- The Reporting Entity must schedule the First Collection payment no later than January 15, 2016.
- The Reporting Entity must also schedule the Second Collection payment no later than November 15, 2016.
- A Reporting Entity may make one (1) combined payment for the entire \$44 per covered life contribution amount no later than January 15, 2016. This type of payment is a Combined Collection.

## 5 Key Points about Pay.gov Registration

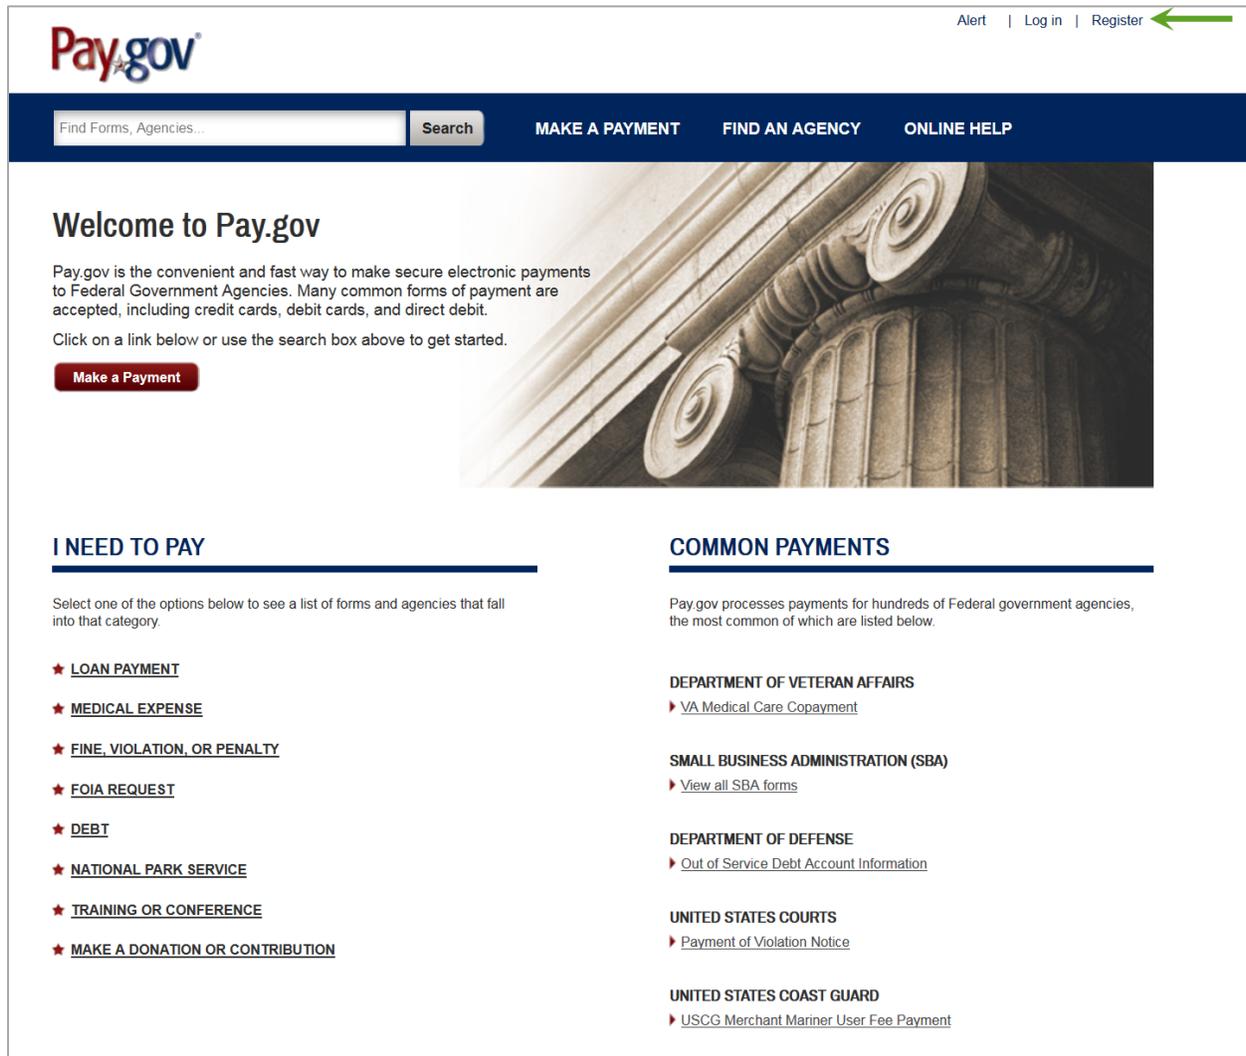

---

The Reporting Entity is required to register on Pay.gov at <https://www.pay.gov> to complete the Transitional Reinsurance contributions filing process by the 2015 deadlines noted in *Figure 1: Key Deadlines for 2015*.

If your organization does not have a Pay.gov account, you must create a Pay.gov account to complete the reinsurance contributions submission process. Pay.gov prefers that the Reporting Entity create a single user account. Only one (1) account is required to complete the contribution filing process on behalf of one (1) or more Contributing Entities. Pay.gov does not limit the number of Forms filed or bank accounts used under one (1) Pay.gov account. Users have the ability to save partially completed Forms, view submitted Forms, and duplicate Forms.

1. Go to the Pay.gov site at <https://www.pay.gov>, as shown in Figure 3.

Figure 3: Pay.gov Home Page

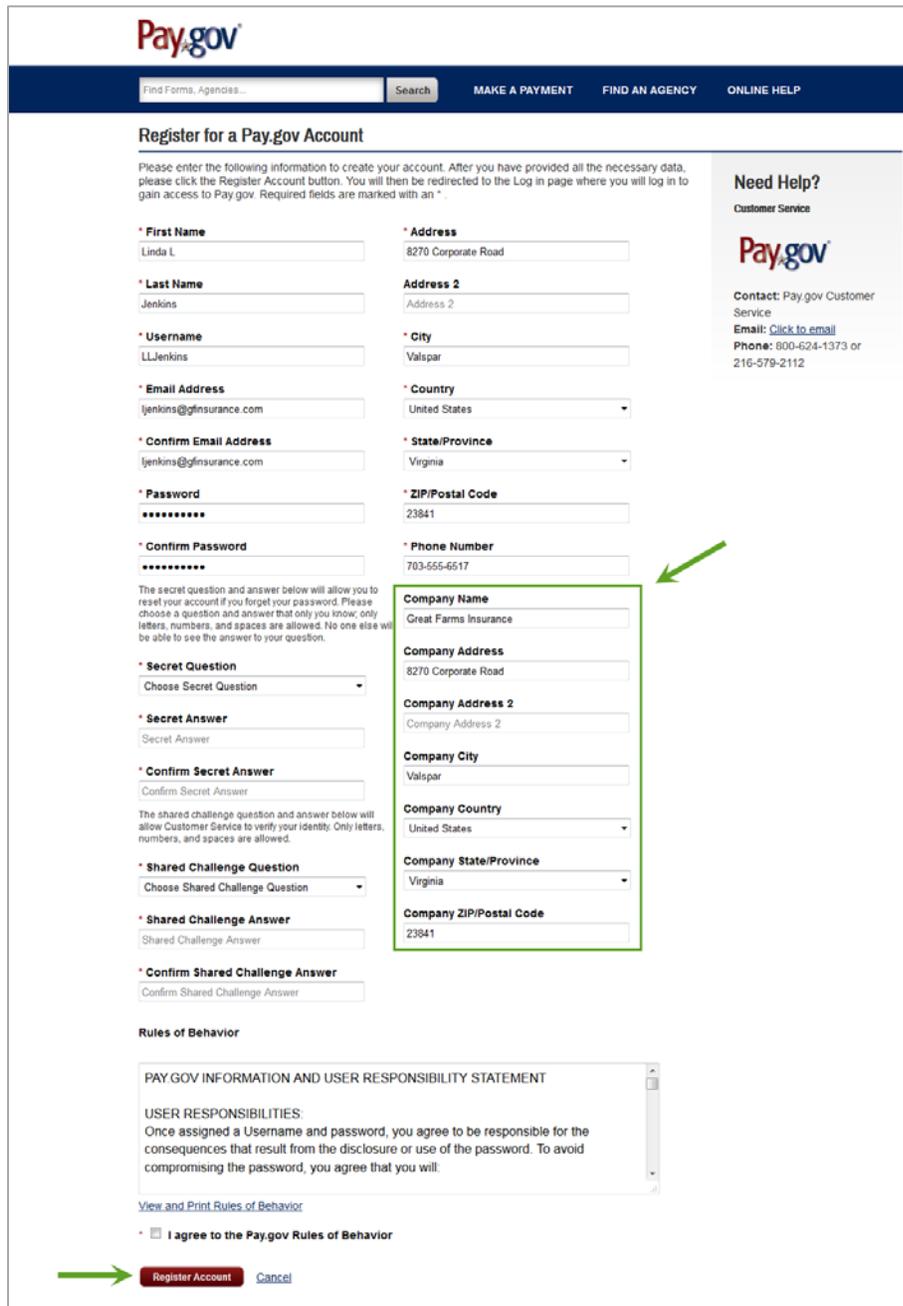

2. On the Pay.gov home screen, select the “Register” link in the upper right corner to access the registration page.

a) Registration data is used to pre-populate the Form, including:

- i. Contact for Submission: The user’s name, email address, and telephone number recorded in the Pay.gov profile will pre-populate on the Form as Contact for submission.
- ii. Reporting Entity Legal Business Name (LBN): The company name recorded in the Pay.gov profile will pre-populate on the Form as the LBN.
- iii. Reporting Entity Billing Address: The company address recorded in the Pay.gov profile will pre-populate on the Form as the Billing Address.

The registration page displays, as shown in Figure 4.

## 6.6 Type of Payment and Benefit Year

The 2015 Form offers two (2) payment options, as shown in Figure 17: the Two-part Collection and the Combined Collection.

Figure 17: Type of Payment

Type of Payment ? (All payment types must be filed and scheduled by November 15th of the Benefit Year)

- First Collection - Contribution for Program Payments and Program Administration Funds  
(Regulatory Payment Due Date - January 15, 2016)
- Second Collection - Contribution for General Fund of the US Treasury  
(Regulatory Payment Due Date - November 15, 2016)
- Combined Collection - First Collection + Second Collection (as described above)  
(Regulatory Payment Due Date - January 15, 2016)

The Type of Payment options, as shown in Figure 18, are:

1. First Collection – Contribution for Program Payments and Program Administration Funds (\$33 per covered life)
  - 2015 Regulatory Payment Due Date – January 15, 2016
2. Second Collection – Contribution for General Fund of the U.S. Treasury (\$11 per covered life)
  - 2015 Regulatory Payment Due Date – November 15, 2016
  - Requires duplication of First Collection Form and Supporting Documentation, if applicable
3. Combined Collection – First Collection + Second Collection (as described above) (\$44 per covered life)
  - 2015 Regulatory Payment Due Date – January 15, 2016

Option 2	→	<input type="checkbox"/> Combined Collection - First Collection + Second Collection (as described above) (Regulatory Due Date - January 15, 2016)

Select the Type of Payment using the following steps:

1. **Payment Option One** is a Two-part Contribution for which payment is scheduled as two separate Form filings for the 2015 benefit year and includes a First Collection and a Second Collection.

- a) Schedule the First Collection no later than the November 16, 2015, with payment remittance due by January 15, 2016, reflecting \$33.00 per covered life for Program Payments and Program Administration Funds.
  - b) Schedule the Second Collection no later than the November 16, 2015, with payment remittance due by November 15, 2016, reflecting \$11.00 per covered life for General Fund of the U.S. Treasury.
    - o Both the First Collection and Second Collection must be scheduled no later than the November 16, 2015.
    - o A Two-part Contribution requires duplication of the Form used for the First Collection on Pay.gov and a second Form submission as the Second Collection. You must also change the “Type of Payment” to Second Collection.
2. **Payment Option Two** is a Combined Collection (full payment of the annual contribution amount), and requires filing no later than the November 16, 2015, with payment remitted by January 15, 2016, reflecting \$44.00 per covered life.
- A Combined Collection equals the First Collection plus the Second Collection.
3. Select the checkbox next to the preferred Type of Payment option.
4. The benefit year pre-populates with “2015” and cannot be changed (see Figure 19).

Figure 19: Benefit Year for Reporting Enrollment Count

Refer to [Appendix F: 2015 Reinsurance Contribution Rate](#) for Program Contribution Rates.

## 6.7 Enter Annual Enrollment Count and Verify Annual Enrollment Count

1. If reporting for three (3) or fewer Contributing Entities, the Annual Enrollment Count field pre-populates with the sum of the Annual Enrollment Counts entered on the Contributing Entity Page.
2. If reporting for four (4) or more Contributing Entities, this field will be blank, as shown in Figure 20.
  - a) If a Reporting Entity is filing on behalf of multiple Contributing Entities, enter the sum of the Annual Enrollment Counts for all Contributing Entities included in the Supporting Documentation. This number is the aggregate of the Annual Enrollment Counts (calculated using a permitted counting method) for all Contributing Entities included in the Supporting Documentation. For example, if the Supporting Documentation includes information for 12 Contributing Entities

that totals 650 reinsurance covered lives, enter 650 as the Annual Enrollment Count on the Form.

- b) Be mindful of the Annual Enrollment Count limitations of the Form. See [Section 4: Things to Consider Before Getting Started](#) for details on these limitations.

When working with the U.S. Government, these codes are referred to as the Agency Location Code (ALC +2). Contact your bank to have added the ALC+ 2 added to a list of approved automated debit transactions.

The Transitional Reinsurance Contribution Program's ALC+2 is 7505008015. The company name is USDEPTHHSCMS.
